Notes

- [1] Postcode of site.
- [2] Total number of employees in Full-Time Equivalent (FTE) expresses the total number of hours worked by an organisation's employees, including both full-time and part-time. To calculate FTE, divide the total annual paid hours worked by all employees by the standard annual hours for 1 FTE. Please enter the number of employees (FTE) rounded to the nearest whole number. If you have issues with providing this information provide an estimate. If you have made an estimate, please indicate this in the comments column.
- [3] See [2] for how to calculate. Please note that data is needed for ONLY employees engaged with the LIKE goods/goods concerned.
- [4] Add any comments regarding the FTE.
