Introduction

About us, this case and this questionnaire

The Trade Remedies Authority (TRA) investigates whether trade remedies are needed to prevent injury to UK industry. The TRA has been established to provide the UK with its own independent trade remedies system.

This case is investigating the allegation that Boom Lifts from the PRC are being dumped (exported to the United Kingdom (UK) at prices less than their normal value) and that this dumping is causing injury to the UK industry for these goods.

Why should I take part?

The TRA has received an allegation that a Particular Market Situation (PMS) exists in the PRC for Boom Lifts. The TRA has yet to make a determination in this investigation in relation to the allegation.

However, where it is determined that a PMS exists and the effect of the PMS on the domestic sales price prevents a proper comparison between that and the export price, we would not consider the comparable price appropriate to use for the purpose of determining normal value.

In such circumstances, the TRA may determine the normal value by determining the costs of production plus a reasonable amount for administrative, selling, and general costs and for profits. Adjustments may then be made to these figures using data from an appropriate representative third country. The TRA may also use data from the appropriate representative third country as part of their examination of whether a PMS exists in the PRC for Boom Lifts.

We are therefore seeking your cooperation to assist the TRA in the investigation of the alleged PMS and in the construction of the normal value.

How do I respond?

Detailed guidance on how to complete the questionnaire is provided in the [instructions](#) section below.

Please provide all the information requested by **31 May 2026**. We may need to issue a deficiency notice if we determine that the information supplied in the questionnaire is incomplete or inadequate. We may also send a notice requesting clarification or supplementary information if necessary. Therefore, please provide as much detail as possible in your responses.

Where can I find more information?

Our [Trade Remedies guidance](#) provides general information about our investigations and processes we follow.

If you have any specific questions relating to the case, now or while you're completing the questionnaire, please contact the case team at AD0075@traderemedies.gov.uk

You can also find out more about the regulatory basis of our investigations. The TRA investigates cases under the provisions of *Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019 as Amended by the Trade Remedies (Amendment) (EU Exit) Regulations 2019* and under the *Taxation (Cross-border Trade) Act 2018*.

Instructions on completing this questionnaire

Preparing your response

This section sets out guidance on how to complete this questionnaire.

If you think you won't be able to complete the questionnaire within the required time, please contact the case team ahead of the deadline using the contact details on the cover of this questionnaire. You should outline the length of extension you need and the reasons why. We will notify you of our decision.

If we can accommodate an extension, we will publish a note on our [public file](#) to record both the request and the extension granted.

How to answer the questions

Please read and follow all the instructions carefully. Your company will need to substantiate all claims with relevant data and information. You may be asked to attach supporting documents in appendices to supplement your responses. To help us verify

your information, please retain all these documents, your completed spreadsheet annexes and any calculations you made when developing your responses.

Please also note the following points:

- Do not leave any questions blank. If the question is not relevant to your organisation, please explain why. If the answer to a question is “zero”, “no” or “none”, please write this.
- Please complete the annex tabs as requested. Tabs are named to correspond to the relevant sections of this questionnaire and must be completed with reference to the instructions provided. If you feel you cannot present the information as requested, please contact your Case Team as soon as possible.
- Please provide all formulas and calculations used within your questionnaire response.
- If there is insufficient space in any part of the questionnaire to provide the details requested, or we ask for copies of additional information, please submit this information as appendices. Please ensure that any attachments are given a corresponding appendix reference in the title of the document and that these are referenced in the boxes provided.
- Any documents not in English should be accompanied by an English translation.
- Please provide all dates in the format DD/MM/YYYY (e.g., 23/05/2019).
- Unless otherwise stated, ‘year’ or ‘calendar year’ refers to the period 1 January – 31 December and ‘quarter’ refers to the associated three-month periods e.g. 1 January – 31 March, 1 April – 30 June, etc.
- Identify all units of measurement and currencies used in tables, calculations and lists, if not provided by the corresponding instructions, and use units of measurement consistently (e.g., do not use kg and metric tonnes interchangeably).
- For all numerical figures, where appropriate please express every third number with a comma (e.g., ‘1,300’ for one-thousand three hundred, ‘1,300,000’ for one million and three-hundred thousand).
- Please limit all sales/currency/income figures to two decimal places, apply a full point as a decimal separator and use the appropriate currency symbol or abbreviation (e.g., £1,300.00).
- Provide all costing figures as actual amounts. Where actual amounts cannot be provided and you have reported standard costing instead, please indicate this in the relevant answer, and explain the variance from actual costs, if any.
- All figures should be reported net of tax unless otherwise stated.
- Please refer to the case number, AD0075, in any correspondence with the TRA.

Preparing confidential and non-confidential copies

You will need to submit one confidential version and one non-confidential version of your questionnaire and the corresponding spreadsheet annexes by the due date. We will publish the non-confidential version on the public file. **Please ensure that each page of information you provide is clearly marked either “Confidential” or “Non-Confidential” in the header.**

Please see our guidance on [how to submit information](#) for further details on what can be considered confidential and how to prepare a non-confidential version of this questionnaire.

In preparing your response, please note the following:

- It is your responsibility to ensure that the non-confidential version does not contain any confidential information.
- Remember to include a statement explaining why information obtained in your response should be treated as confidential e.g. the data is commercially sensitive.
- Provide the source for all information or data you don't own and clearly state any restrictions on sharing it.
- If you do not provide a non-confidential summary (or a statement of reasons why you cannot provide this) each time you provide confidential information, the TRA may disregard the information you give us.

All information provided to the TRA in confidence will be treated accordingly and only used for this investigation (except in limited circumstance as permitted by regulation 46 of the *Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019*) and will be stored in protected systems. The non-confidential version of your submission will be placed on the public file, which is available on www.trade-remedies.service.gov.uk/public/cases.

What happens next

Once you have completed your questionnaire responses including the corresponding annex(es) and any additional documents requested, you must upload confidential and non-confidential versions through our [Trade Remedies Service](#). Following this:

- you will receive an email confirming the documents have been uploaded successfully.
- the Case Team will contact you if further information is required;
- the non-confidential responses will be placed on the public file; and

- the Case Team may contact you to arrange verification of the information contained in your responses.

Verifying the information you supply

The TRA will verify, as far as possible, the information provided to it. As part of this process, we may conduct verification visits. If we need to verify information that you provide by visiting your premises, the Case Team will contact you to arrange this.

Verification can last several days, during which we will want to speak to management and staff to help establish the completeness, relevance and accuracy of the information provided.

Please keep a record of formulas and steps used in your calculations and other related material/documentation as it may be asked for during verification.

In some circumstances, verification may be conducted remotely.

We are considering conducting **remote verification during August 2026**. Please indicate if you would be able to conduct remote verification (via teams) during this month.

We are generally available to conduct a remote verification visit during the month of August 2026 (preferably not the first week). As August is prime holiday season, we would appreciate that we could fix the dates as soon as possible to ensure that all personnel required can be present.

Once verification is complete, the TRA will prepare a report and share a draft with you. The TRA will then ask you to prepare a non-confidential copy of the report for the public record. If you feel some information in the report should be kept confidential, please provide your reasons for this.

The scope of this investigation

Like goods

This investigation covers **boom lifts** exported from **the PRC**, described as:

Boom lifts designed for the lifting of people, equipment and/or materials, with a maximum working height of 6 metres or more, and pre-assembled or ready-to-assemble sections thereof, excluding individual components when presented separately (but not excluding the sections (presented individually or together) listed below.) The Goods Concerned may contain additional features that provide for functions beyond the primary lifting function.

The Like Goods may be imported, exported or produced as finished boom lifts, assembled or unassembled, or in the following sections presented individually or together:

- booms including articulated and telescopic or straight (with or without jibs) or sub-assemblies thereof, assembled or not;
- chassis or sub-assemblies thereof, assembled or not;
- boom turret or turntables or sub-assemblies thereof, assembled or not;
- platforms or baskets or sub-assemblies thereof, assembled or not.

The scope excludes scissor lifts, forklifts, vertical mast lifts (including where described as a 'boom' or otherwise), mobile self-propelled cranes and motor vehicles that incorporate a scissor arm assembly or boom assembly.

These boom lifts are currently classifiable within the following commodity code(s):

8427 1010 10	8427 9000 80	8428 9090 80	8431 3900 90
8427 1010 90	8428 1020 00	8431 2000 60	8427 2090 00
8427 2019 10	8428 1080 00	8431 3100 00	8427 1090 00
8427 2019 90	8428 9090 20	8431 3900 10	

These codes are only given for information.

This questionnaire will ask about your production and sales of like goods. Any reference to '**like goods**' in this questionnaire refers to goods which are like the goods concerned in all respects, or with characteristics closely resembling them.

Where this questionnaire refers to '**other goods in the same general category of products**' this means goods which are not the like goods but are comparable to the like goods in terms of raw materials, inputs, production, costs or other factors of production.

Where this questionnaire refers to '**all goods**', this means all goods that are produced by you.

Please follow the instructions for each question to provide the appropriate information regarding the goods.

For more information on this case, please see the Notice of Initiation (NoI) here: [TRA Investigations - Trade Remedies Service - GOV.UK](#)

Product Control Numbers

The TRA uses Product Control Numbers (PCNs) to define and distinguish the different types of products that fall under the goods description above.

PCNs, which come in the form of an **alphanumeric code**, help to create a categorisation system so that comparisons can be made between goods produced in the domestic UK market and those produced in foreign markets.

In this questionnaire and the corresponding annexes, you will be asked to construct PCNs representing the different types of products you produce. When giving your PCNs, please do not use any spaces, dashes or other means of separation, and ensure you follow the order of characteristics outlined in the table above.

When providing PCNs, please refer to Table 0 and then the relevant table for either assembled machines or the type of subassembly being represented. For example:

- For an assembled boom lift, please use the categories in Table 0 and Table 1.
- For a turret subassembly, please use the categories in Table 0 and Table 3.

This is the Product Control Number (PCN) structure:

- the list of products included in the “other” category and whether this prevents a fair comparison between PCNs;
- whether you produce, or are aware of, any specialised products that fall within the definition of the “goods concerned” or “like goods” which have a sufficiently different price point to make them unsuitable for comparison with the other sub-categories of the “goods concerned”; and
- Is there any overlap in our PCN structure where products could be more than one PCN, if yes, can you suggest an alternative?

We cannot provide a meaningful answer to this question as we do not produce booms.

Where it is determined that a PMS exists and the effect of the PMS on the domestic sales price prevents a proper comparison between that and the export price, the TRA may determine the normal value by using your costs to adjust the PRC costs of production plus a reasonable amount for administrative, selling, and general costs and for profits.
