Grass Cutting Following Terrain Contours

Yarbo's flexible front-mount deck allows it to follow the ground contour, cut precise grass from the top to the bottom of slopes, and maintain a consistent lawn height.

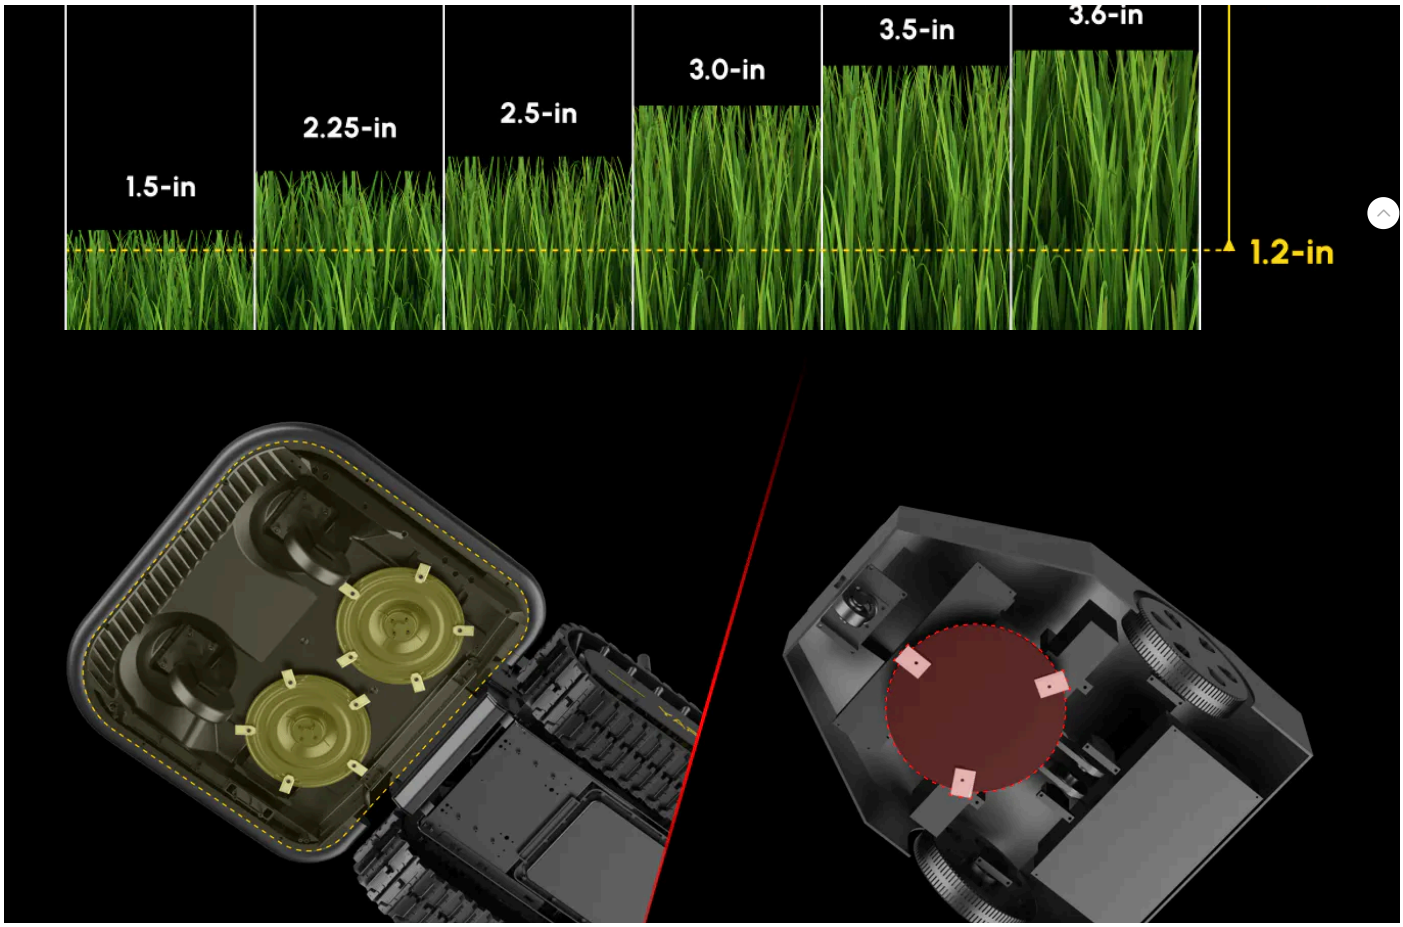

Ideal for Large Lawns

Yarbo conquers up to 6 acres of lawn, matching the performance of commercial ride-on lawnmowers, which is ideal for owners of large yards.

Dual Cutting Discs

Yarbo's dual wide 20-inch cutting discs ensure efficient performance in dense or wet grass, minimizing clogs and manual clearing.

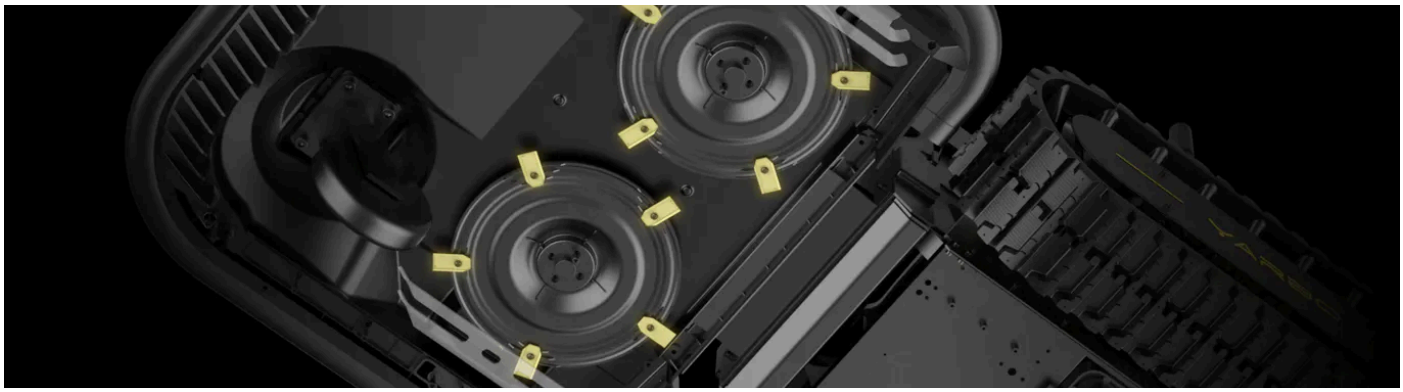

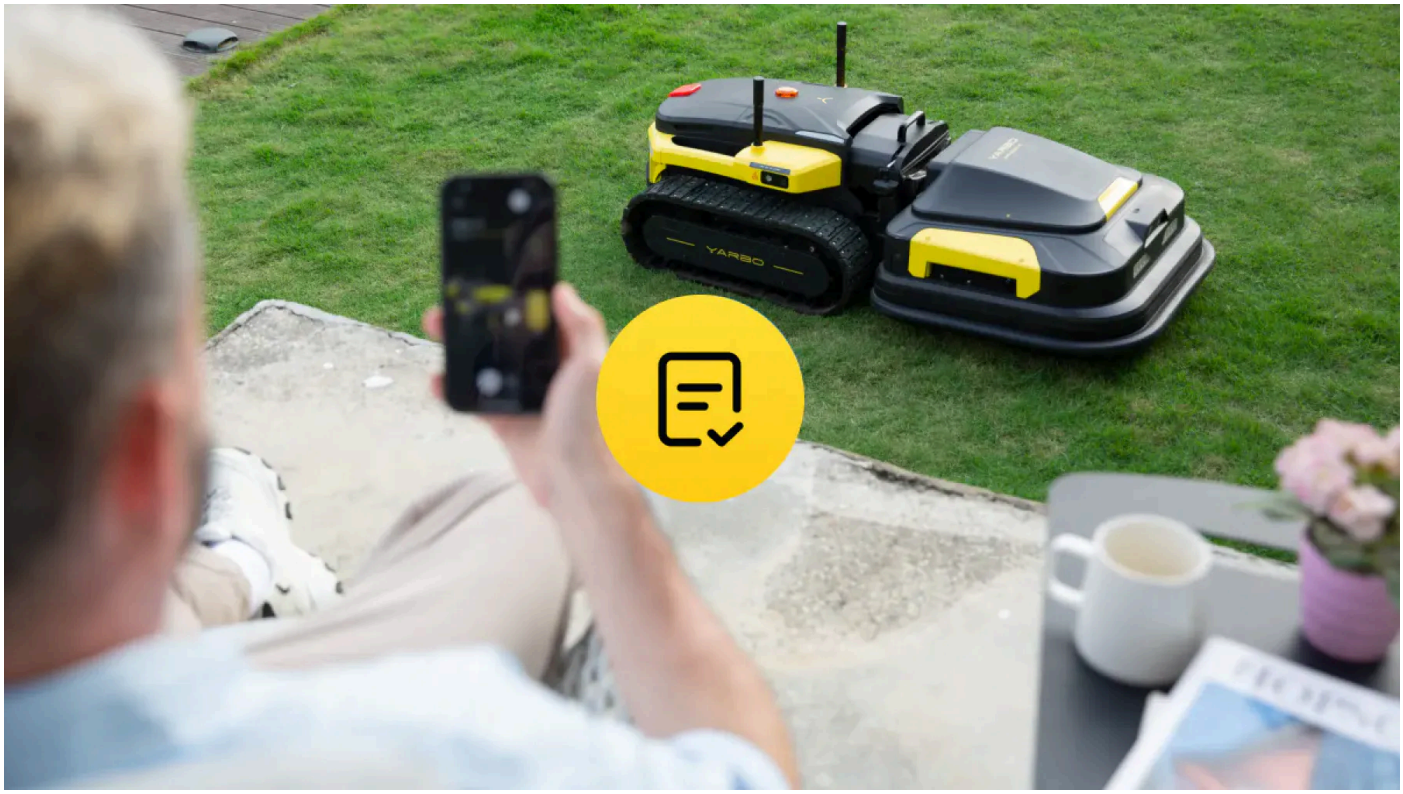

5 Blades for Each Disc

Yarbo Lawnmower's cutting discs have five blades each, enhancing cutting performance significantly. More blades per disc result in a finer cut, extending the time between blade replacements.
