has manufactured the goods.
Liebherr Group means all companies in which Liebherr-International AG, with its registered office in 1630 Bulle/Switzerland, directly or indirectly holds 50% or more of the shares or exercises management control, including Liebherr-International AG. The customer acknowledges and expressly agrees that LIEBHERR is entitled, subject to the terms of the Data Use Agreement, to access and, at its discretion, store the data generated by the connected product or related service and to use and/or process such data, in particular for the purpose of performing a contract with the customer, product development and improvement, analyzing machine conditions and/or improving customer service. Companies of the Liebherr Group, third parties pursuant to the Data Use Agreement or to the extent their
cooperation is required for the aforementioned use and/or processing by LIEBHERR, as well as the Liebherr dealer responsible for the customer, if any, shall be deemed equivalent to LIEBHERR.

(b) If the customer contractually transfers (i) ownership of the connected product or (ii) its time-limited rights to use the connected product and/or (iii) its rights to use the related service to a subsequent or additional user, the customer shall agree with the subsequent or additional user the provisions agreed here in letters a) and b) and the content of the data use agreement.
