REASONS FOR TERMINATION

The TRA received a request from the applicant, Zoomlion Heavy Industry Science & Technology Co., Ltd, notifying the TRA of the withdrawal of its application for a new exporter review. The TRA considers that it is appropriate to terminate the review.

SUMMARY OF THE NEW EXPORTER REVIEW

This new exporter review concerned anti-dumping duty measures imposed as a result of investigation [AD0047](#) into dumped goods from originating in the People's Republic of China. Definitive measures were imposed from 14 May 2025.

On 27 November 2025, the TRA published a [Notice of Initiation](#) to initiate a new exporter review.

In the Notice of Initiation, the TRA invited parties to register in order to participate in the review. The registration period was reopened in January 2026. The TRA had since been liaising with the applicant ahead of planning to undertake verification activities.

On 6 March 2026 the TRA received from the applicant a notification of withdrawal of its application for a new exporter review.
