Extensions - Note to Public File

Note to the public file summarising time extensions granted for questionnaire submission.

The Trade Remedies Authority (TRA) received an application for an extension of time to submit the UK producer questionnaire.

This extension of time has been assessed individually, taking into account the reason for the request, the individual circumstances of the company and the anticipated impact of the requested extension on the investigation timeline.

Having considered the application, the TRA has determined that granting this extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following party:

Company name	New due date for completed questionnaire response
INEOS Olefins & Polymers UK	7 August 2026
