IR0093 - Note to Public File: TRA position in respect of submitted registration documents categorised as ‘hearing requests’

The Trade Remedies Authority (TRA) has observed that a number of the registration documents received during the registration period for this review have been submitted such that they have been categorised on our online system as ‘hearing request’ documents.

Having reviewed the content of the submissions, the TRA’s assessment is that there is no indication that any of these submissions was an intentional request for a hearing. On this basis, the TRA does not consider that it has received a request for a hearing from any party at this stage.

If any party does wish to request a hearing, now or at any future point in this review, please refer to our public guidance on hearings.¹ This guidance additionally sets out the requirements for what a hearing request should contain, along with the TRA’s process for responding to a request for a hearing.

Please contact IR0093@traderemedies.gov.uk if you have any questions or comments relating to this review.
