Constituted as a consortium, whose contract constitutes Annex I of this Acceptance Term and is an integral part thereof, which is governed by the following clauses:

CLAUSE 1 (Subject Matter)

NON OFFICIAL TRANSLATION – NON CONFIDENTIAL

1. This acceptance term aims to grant a financial incentive for application in the execution, by the beneficiaries, of investment project no. 046083 with a global eligible investment amount of 5,686,111.50 Euros (*five million, six hundred and eighty-six thousand, one hundred and eleven euros and fifty cents*), this value being divided among the various beneficiaries in accordance with Annex II, under the terms in which it was approved and which is considered an integral part of this acceptance term.
2. The execution period for this investment runs from 2020-07-01 to 2023-06-30.

CLAUSE 2 **(Conditional favorable decision)**

(Not applicable)

CLAUSE 3 **(Incentive)**

1. The total incentive to be allocated, as defined under the terms of the approval decisions, is distributed by Management Authority as follows:
 - a) In the case of the Management Authority of the Operational Program for Competitiveness and Internationalization, it corresponds to an incentive in the amount of 3,189,624.46 Euros (*three million, one hundred and eighty-nine thousand, six hundred and twenty-four euros and forty-six cents*) and takes the following form:
 - i) Non-reimbursable ERDF incentive in the amount of 3,189,624.46 Euros (*three million, one hundred and eighty-nine thousand, six hundred and twenty-four euros and forty-six cents*).
 - b) In the case of the Management Authority of the Lisbon Regional Operational Program, it corresponds to an incentive in the amount of 579,443.97 Euros (*five hundred and seventy-nine thousand, four hundred and forty-three euros and ninety-seven cents*) and takes the following form:
 - i) Non-reimbursable ERDF incentive in the amount of 579,443.97 Euros (*five hundred and seventy-nine thousand, four hundred and forty-three euros and ninety-seven cents*).
2. The allocated ERDF incentive corresponds to the application of the funding rate, per beneficiary, on the amount of expenses considered eligible, calculated under the terms established in article 71 of the RECI, in its current wording, with its breakdown per beneficiary found in the map in Annex II to this acceptance term, which forms an integral part thereof.

CLAUSE 4 **(Result Indicators)**

The results to be achieved within the scope of the project, the object of this acceptance term, are as follows:

a) % of success in terms of the technical-scientific results provided for in the project: Medium-High (60% to 80%).

CLAUSE 5
(Payments)

1. The payments of the incentive will be made by the paying entity, by bank transfer to the demand deposit account of the beneficiaries, with the following IBANs:
[confidential information]
2. All receipts and payments regarding the execution of the co-financed project must be made through the beneficiaries' bank accounts.
3. The terms of payment follow the provisions of article 13 of the RECI, in its current wording, and article 25 of Decree-Law no. 159/2014, of October 27, amended by Decree-Law no. 215/2015, of October 6, and also by the standard procedures set out in Order no. 10172-A/2015, of September 10, amended by Order no. 15057-A/2015, of December 17, and Order no. 12618-A/2016, of October 19.
4. Suspension of payment may occur whenever any of the grounds provided for in paragraph 10 of article 25 of Decree-Law no. 159/2014, of October 27, amended by Decree-Law no. 215/2015, of October 6, is verified.

CLAUSE 6
(Repayable Incentive)

(Not applicable)

CLAUSE 7
(Exemption from Repayment)
(Not applicable)

CLAUSE 8
(Beneficiaries' Obligations)

1. In accordance with the provisions of articles 24 and 25 of Decree-Law no. 159/2014, of October 27, amended by Decree-Law no. 215/2015, of October 6, article 12 and article 75 both of the RECI in its current wording, the beneficiaries commit to:
 - a) Executing the project under the approved terms and conditions;
 - b) Allowing access to the locations where the project is being carried out and to those where elements and documents necessary for the monitoring and control of the approved project are found;
 - c) Keeping documents relating to the project's execution, in the form of original documents or authenticated copies, on digital media, when legally admissible, or on

paper, for a period of three years from the date of closure or acceptance by the European Commission of the PO's closure declaration depending on the stage in which the project closure was included, or for the period established in the applicable national legislation or in the specific legislation on State aid, if these establish a longer period;

d) To publicize the support, in accordance with the provisions of applicable European and national legislation, as well as the terms set out in the communication guidelines, namely the Project Fact Sheet;

e) Maintain the legal conditions necessary for carrying out the activity;

f) To reimburse the amounts received improperly and comply with the administrative sanctions applied;

g) Maintain your tax and social security contributions in good standing with, respectively, the tax authorities, social security, and the incentive-paying entity;

h) Maintain organized accounting system, in accordance with legal requirements;

i) Maintain a project file, preferably in digital format, with all related documentation properly organized, including the support of an accounting system for all project-related transactions;

j) Respect the principles of transparency, competition and good management of public funds, in order to prevent situations that may constitute a conflict of interest, especially in the relationships established between beneficiaries and their suppliers or service providers;

k) To provide, within the established deadlines, the information requested by the entities responsible for monitoring, evaluating results, controlling and auditing within the scope of monitoring and evaluation activities in the context of the implementation of the ESIF (European Stability and Growth Funds) and the respective reporting to the European Commission, and to participate in inquiry processes related to them;

l) Report any relevant changes or events that jeopardize the assumptions regarding the project's approval;

m) Not to use for other purposes, lease, sell or otherwise encumber the goods and services acquired within the scope of the supported project, without prior authorization from the Managing Authorities, during the term of this incentive grant agreement;

n) Where applicable, comply with public procurement regulations regarding project execution;

o) Notify the Managing Authorities in advance of any change of bank account;

p) Where applicable, proceed with the reimbursement of the refundable incentive in accordance with the terms set out in the approved reimbursement plan;

q) To have, for personnel costs reported in the project (as actual costs or through simplified methods), an auditable system for recording working time on a daily, weekly or monthly basis, on paper or based on a computerized system;

r) Maintain the technical personnel profiles of the beneficiaries approved in the decision, where applicable, assigned to the project;

s) In projects that foresee broad dissemination of results, ensure the publication, on an open-access platform, of the scope and expected results of the R&D project, as well as publishable executive summaries relating to the final execution reports, without prejudice to the requirements relating to the protection of industrial property;

t) Communicate to the Managing Authorities all public actions for disseminating the results of the R&D project no less than ten working days in advance;

u) Ensure free and open access to all peer-reviewed scientific publications generated within the scope of the R&D project;

v) Furthermore, they commit to following specific obligations:

i) During the execution/closure phase, comply with the limits defined in the Specific Technical Guidelines;

ii) During the execution/closure phase, comply with the limits defined in the Calls for Applications (AAC);

iii) Prove broad dissemination as stipulated in the RECI, in the case of the allocation of the "Broad dissemination of results" increase;

iv) During the monitoring/closure phase, assess the eligibility of expenses related to the promotion and dissemination of project results;

v) Non-business entities within the R&D System must demonstrate that the incentive granted does not fall under the State aid regime;

vi) During the follow-up/closure phase, the eligibility of the expenses presented under item a.vii) "Promotion and Dissemination Expenses" must be assessed, taking into account the nature of the expenses presented and their alignment with the scope of the project, and are subject to the application of the conditions and limits established in points 3 and 8 of Annex A of AAC 14/SI/2019. All promotional material for the dissemination of project results must comply with advertising rules. It should be noted that expenses for coffee breaks, merchandising, or other expenses not directly associated with the effective dissemination of results will not be accepted. In the case of travel and accommodation expenses related to participation in fairs and exhibitions, they are subject to the limits established in item 4 of the same Annex;

vii) The eligibility of expenses included under the heading "Travel and stays abroad" is conditional upon the presentation and verification, during the monitoring phase, of the mission report, as provided for in points 4 and 8 of Annex A of AAC 14/SI/2019, and expenses for participation in conferences/congresses are also conditional upon proof of intervention/presentation at the event in question. It should be noted that expenses relating to any business contacts are not eligible;

viii) The maximum eligible expenditure limit for item a. vii) "Promotion and Dissemination Expenses" will be determined at the project closure stage, where it will be verified whether the following requirements have been cumulatively met:

1 - To consider broad dissemination of its results to the universe of potential recipient/implementing companies of the proposed developments;

2 - Create a specific website for disseminating the project, through which the main results (interim and final) are published immediately after their release, and which must be maintained for a minimum period of one year after the project's completion;

3 - Consider holding at least one public session to disseminate the results achieved and, in the case of projects that lead to process innovations, at least one session to disseminate and demonstrate their application in a real-world situation, accessible to the general public and whose target audience is preferably made up of companies with an interest in and potential to internalize the project results in their economic activity.

If these requirements are not met, the limit defined in point 8 of Annex A of AAC 14/SI/2019, which defines the maximum eligibility limits for expenses, will apply;

ix) During the follow-up/closure phase, the eligibility of expenses must be assessed, especially those presented under the headings of Raw Materials and Acquisition of third-party services, taking into account the nature of the expenses presented and their alignment with the scope of the project;

x) The depreciation rates indicated in the application will be validated during the project execution phase, taking into account the accounting policy adopted by the University of Porto and the Polytechnic Institute of Leiria for equipment used in R&D activities, as defined in Technical Guidance 16/2017. If the accounting procedures foreseen in the aforementioned Technical Guidance are not adopted, the rates will be applied to each piece of equipment according to the prevailing depreciation and amortization rates, and the eligible investment will be adjusted accordingly;

xi) Funding for scholarships is conditional upon full compliance with the provisions of the Research Scholarship Holder Statute and subsequent amendments;

xii) Payment of the final incentive installment is contingent upon submission of supporting documentation proving the project's funding sources.

2. By signing this acceptance agreement, the holders of the governing, administrative or management bodies and other persons who perform administrative or management functions, is subsidiarily liable for compliance with the obligations referred to in this Clause.

CLAUSE 9 (Project Amendments)

1. Amendments to the project must comply with the provisions of paragraphs 7 and 8 of article 20 of Decree-Law No. 159/2014, of October 27, as amended by Decree-Law No. 215/2015, of October 6.
2. In addition to what is established in the previous paragraph, the approved execution period may also be altered, provided it is duly justified, in accordance with the provisions of Article 77 of the RECI in its current wording, which determines the reduction of the incentive, under the terms of paragraph 2 of clause thirteen.

CLAUSE 10
(Monitoring and Control)

1. Without prejudice to other monitoring and control mechanisms that may be adopted, the beneficiaries accept the monitoring and control to verify the proper execution of the project and the fulfillment of the objectives and obligations resulting from this acceptance agreement, to be carried out by the entities with competence for this purpose.
2. The beneficiaries undertake to provide in a timely manner all the appropriate documents and information necessary to carry out administrative and on-site verifications, including access to the project sites for project verification purposes, which are necessary to prove that the investment was made and that the objectives were achieved in accordance with this acceptance agreement.

CLAUSE 11
(Assignment of Contractual Position)

The transfer of the beneficiaries' contractual position can only occur for duly justified reasons and after authorization from the Managing Authorities of the Competitiveness and Internationalization Operational Programme and the Lisbon Regional Operational Programme.

CLAUSE 12
(Recovery of Incentives)

1. The amounts unduly received by beneficiaries, notably due to non-compliance with legal or contractual obligations, the occurrence of any irregularity, as well as the absence or loss of any requirement for granting the incentive, constitute debt, and are recovered under the terms provided for in article 26 of Decree-Law No. 159/2014, of October 27, amended by Decree-Law No. 215/2015, of October 6.
2. The subsidiary liability for the reimbursement of the amounts, as provided for in subparagraph f) of paragraph 1 of clause eight, rests with the holders of the management, administration or management bodies and other persons exercising administrative or management functions, in office at the date of the occurrence of the facts that determine it.

CLAUSE 13
(Reduction of the Incentive)

1. The following, among others, constitute grounds for the reduction of the incentive:
 - a) Partial non-compliance with the beneficiaries' obligations, including the contracted results;

- b) Failure to justify expenses, except within the scope of financing under a simplified cost regime, or the reporting of values higher than those legally permitted and approved or non-eligible values;
 - c) The reporting of expenses unrelated to the execution of the project or not justified by invoices or equivalent fiscally accepted documents, as well as expenses not recorded in the accounting records;
 - d) Non-compliance with the rules regarding information and publicity, with the reduction being determined based on the severity of the non-compliance;
 - e) Disregard for the provisions of European and national legislation, namely regarding public procurement, when applicable, in which case a reduction proportional to the severity of the non-compliance must be applied, specifically in the table of financial corrections approved by the European Commission;
 - f) Failure to consider revenue arising from the project.
2. Also, the alteration to the project's execution period, referred to in paragraph 2 of the ninth clause, constitutes grounds for the reduction of the incentive, under the terms set out in subparagraph a) of article 78 of the RECI, in its current wording.
3. The non-application of the incentive reduction provided for in the previous paragraph may occur provided it is duly authorized by the National Innovation Agency, and when justified by reasons of force majeure that imply an unrecoverable delay in the development of the project and whose occurrence is duly proven by the beneficiary within 30 days after its verification.

CLAUSE 14 **(Unilateral Termination)**

The acceptance term, which has the legal nature of a contract, may be unilaterally terminated by the National Innovation Agency and the Management Authority of the Lisbon Regional Operational Program when one of the causes provided for in the previous clause is definitively verified, or when one of the following situations attributable to the beneficiaries occurs, namely:

- a) Non-compliance with the essential objectives provided for in the application;
- b) Failure to fully execute the application under the terms in which it was approved;
- c) The existence of alterations to the determining elements of the approval decision that jeopardize the merit of the project or its financial reasonableness, except when expressly authorized by the Management Authorities of the Operational Program for Competitiveness and Internationalization and the Lisbon Regional Operational Program;
- d) Failure to submit in a timely manner the forms relating to execution and payment requests, unless the delay is accepted by the National Innovation Agency;
- e) Unauthorized interruption of the project for a period exceeding 90 working days;
- f) Duplication of expense reporting, under the terms defined in subparagraph f) of paragraph 3 of article 23 of Decree-Law no. 159/2014, of October 27, amended by Decree-Law no. 215/2015, of October 6;

NON OFFICIAL TRANSLATION – NON CONFIDENTIAL

- g) Providing false declarations about their situation, the project's execution, or costs incurred, which substantially affect the justification of the incentive received or to be received;
- h) Refusal to submit to control and audit;
- i) The non-existence or failure to regularize deficiencies in the organization of the process relating to the project's execution and the failure to send requested elements within the deadlines set for that purpose.

CLAUSE 15 (Contractual Costs)

1. All and any expenses and charges, namely of a fiscal nature, resulting from the conclusion, compliance, or execution of this acceptance term are the responsibility of the beneficiaries.
2. All extrajudicial expenses incurred by the Intermediate Body arising from the execution of this contract are also at the beneficiary's expense.

CLAUSE 16 (Term of the Contract)

1. This acceptance term enters into force on the date of its submission and when duly signed.
2. The term of validity of this acceptance term occurs with the full compliance of all positive and negative content obligations emerging from it.
