Rejection of Provisional Determination

Note to Public File

12 August 2026

On 9 June 2026, the Secretary of State took a decision to reject the application of a provisional anti-dumping measure on hot-rolled steel plate originating from South Korea. This decision was published in a public notice on [gov.uk](https://www.gov.uk) with the reasons for this decision included in both the aforementioned notice and in a Written Ministerial Statement laid before the House of Commons, which can be found [here](#).

The Trade Remedies Authority has taken a decision to publish the corresponding provisional affirmative determination and recommendation submitted to the Secretary of State. This document is based on the evidence before the TRA prior to verification activities and does not prejudice the Trade Remedies Authority's final determination or take precedence over anything contained in the Statement of Essential Facts published on 23 April 2026.
