Extensions - Note to Public File

Note to the public file summarising time extensions granted for the submission of registration forms to the case:

IR0093 – Ceramic Tableware and Kitchenware originating in the People's Republic of China (PRC)

The Trade Remedies Authority (TRA) received an application for an extension of time to submit registration forms. The application for an extension of time has been assessed, considering the reason and surrounding circumstances for the request, and the anticipated impact of the requested extension on the review timeline.

The extension was requested by UK trade body Ceramics UK, on behalf of its members. The TRA determined that granting the extension would not significantly impede the progress of the review, and therefore decided to grant an extension until Tuesday 11 August 2026 to all members of Ceramics UK. The case team offered this same extension to all companies which contacted us during the registration window regarding technical difficulties encountered during the registration process.

Please contact IR0093@traderemedies.gov.uk if you have any questions or comments relating to this review.
