

**DUMPING INVESTIGATION
CASE No. AD0087**

Glass containers originating in the People's Republic of China (PRC)

Note to the public file

Decision to decline individual rate requests

26 August 2026

The TRA received requests for individual examination in respect of the ongoing dumping investigation (AD0087) from the following two overseas exporters:

- SGD Asia Pacific; and
- SHENZHENSHI MUCIGUOJI DIANZISHANGWU YOUXIANGONGSI.

As confirmed in our [final sampling decision](#) on 21 April 2026, neither of these companies were included within the sample of overseas exporters in the PRC.

Under Regulations 56(7) and 57(5) of the Trade Remedies (Dumping and Subsidy) (EU Exit) Regulations 2019 the TRA must accept the request of a non-sampled overseas exporter and calculate an individual anti-dumping amount *“unless the number of exporters is so large that individual examinations are unduly burdensome and would prevent the timely completion of the investigation”*.

The TRA reviewed both requests and determined that individual examinations would be unduly burdensome and would prevent the timely completion of the investigation and has therefore reached the decision that it will not accede to the requests for individual examination.
