

**DUMPING INVESTIGATION  
CASE No. AD0087**

**Glass containers originating in the People's Republic of China (PRC)**

**Note to the public file**

**Provisional affirmative determination (PAD) responses**

9 September 2026

The TRA published its [Provisional Affirmative Determination \(PAD\) and Guarantee Recommendation](#) on 8 September 2026.

The provisional measures in the PAD were based on the best information available to the TRA at the point at which it was published and indicate that provisional measures should be put in place to prevent injury being caused to the UK industry in the like goods.

Interested parties and contributors are requested to submit responses to the PAD within the next two weeks, before **23:59 (UK time) on 23 September 2026**.

Please note that, as stated in our [external guidance](#):

*“If you are submitting confidential documents to us, you must accompany them with non-confidential versions which don’t include your commercially sensitive data or other confidential information. If you don’t provide a non-confidential version, we may not be able to use the information that you have provided.”*

Any responses made after this deadline may be considered by the TRA as part of the final determination, rather than in the Statement of Essential Facts (SEF).

The TRA are available to discuss the PAD with interested parties and contributors prior to **21 September 2026**. If you wish to arrange a meeting, or have any comments or questions, please contact the case team as soon as possible:
