

Interim Review No. IR0093

Ceramic Tableware and Kitchenware originating in the People's Republic of China (PRC)

Note to the public file – registration of third country producers

On 20 July 2026, the Trade Remedies Authority (TRA) initiated an interim review of anti-dumping measures applicable to Ceramic Tableware and Kitchenware originating in the PRC (the goods subject to review), as set out in the [Notice of Initiation \(NOI\)](#).

On 16 September 2026, the TRA published a [note to the public file](#) outlining our proposal to use the Republic of Türkiye (Türkiye) as a representative third country in this review, should it be required. The TRA invited parties to submit any comments on this choice by 23 September 2026, and stated that we would confirm the country selected and the reasons for this choice, and address any comments received, in our Statement of Essential Facts (SEF).¹

Further to this note, the TRA is now inviting Turkish producers of Ceramic Tableware and Kitchenware to register to the review, to assist the TRA's analysis through providing certain sales and cost data. The TRA will treat this information as confidential provided parties can show good cause as to why it should be treated as such. We will also ask for a non-confidential version or summary of the information provided, so that this can be published to the TRA's public file.

If multiple producers choose to register, we may use an appropriate sampling methodology to select the producers to involve further.

If you are a producer in Türkiye, and would like to participate in this review, please register your interest by completing a Third Country Producer Registration Form and submitting both a confidential and non-confidential version of this document via the [Trade Remedies Service \(TRS\)](#). The Third Country Producer Registration Form is available on the [public file](#) (published alongside this note).

You can find more information about our investigations processes in our online [Trade Remedies Guidance](#). If you have any questions, please contact the case team at IR0093@traderemedies.gov.uk.

¹For indicative anticipated timings, please refer to the External Timeline for this review, published on the [public file](#) alongside the NOI.
