

Late registrations - Note to Public File

**Note to the public file summarising late registrations accepted to the case:
IR0093 – Ceramic Tableware and Kitchenware originating in the People’s Republic
of China (PRC)**

The Trade Remedies Authority (TRA) published its [Notice of Initiation](#) for this review on 20 July 2026.

This notice invited anyone who wanted to participate in the review and make their views known to register their interest by 4 August 2026.

It was also noted that anyone registering their interest after the registration period may not be able to participate fully in the review process.

The TRA has subsequently received a number of registrations after the stated deadline.

Having carefully considered the submissions, the TRA has determined that registering these parties would not significantly impede the progress of the review. Therefore, we have decided to formally register the following parties:

Company name	Category
Shandong Hongcasa Ceramic Co., Ltd	Overseas Exporter
Hobby Ceramicraft Ltd	Importer
European Merchandising Services (UK) Ltd	Importer
The Rayware Group	Importer

In accordance with regulation 54(6) of The Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019 (the Regulations), the TRA may include parties who make themselves known after the end of the registration period in a sample referred to in regulation 56 (the use of sampling in respect of Part 2 of these Regulations) or 57 (the use of sampling in respect of Parts 3, 4 and 5 of these Regulations).

However, the TRA has chosen not to include the parties named above within the selected importer or exporter samples, which remain as set out in the [Notice of Final Sample](#) dated 3 September 2026.

The non-confidential versions of the completed registration forms by the named parties above are now available to view on the [public file](#), published alongside this note.
