PACKAGING

Beverage Packaging

We are Aegg...

Welcome to Aegg Packaging, thank you for your interest in our range of glass jars and bottles suitable for, but not limited to, food and drink applications.

Aegg Packaging is a specialist glass and plastic packaging company, supplying global food and drink markets.

We offer bespoke design and manufacturing services, working in partnership with a number of carefully chosen, audited supply partners.

To ensure we supply our customers with their requirements in time and in full, we have 170,000 sq ft of UK warehousing and our own fleet of vehicles to carry out deliveries.

Many of the products that feature in this catalogue are available at short notice and in pallet quantities. Please enquire further if you are looking for a bespoke design or would like less than pallet quantities.

Visit: aegg.co.uk for more information.

AEGG SUSTAINABILITY

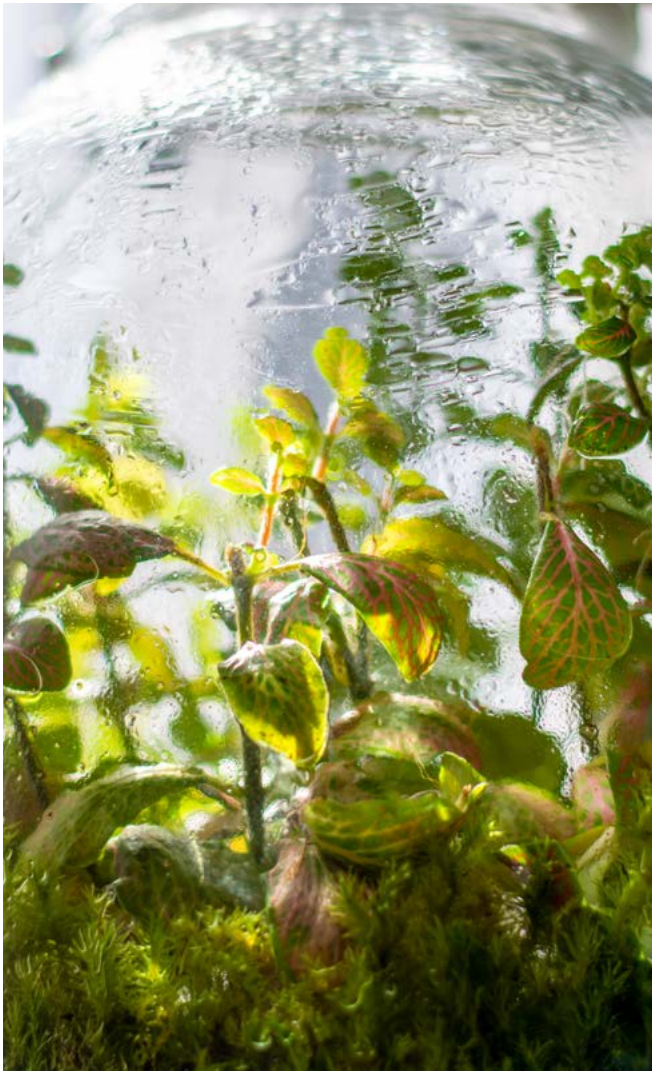

Our Promise

Aegg is committed to environmental, social and economic sustainability.

We measure and report our annual carbon footprint and have reduced our carbon emissions intensity through initiatives such as switching to 100% Pure Green Renewable Energy. We have validated Science Based Targets for scope 1 & 2 emissions and a commitment to net zero by 2050.

UN Sustainability Development Goals frame our sustainability targets such as zero waste to landfill, recycling (cullet) ratios, auditing our suppliers against sustainability criteria and ‘right weighting’ our portfolio.

We are fair to our employees, respecting diversity and inclusion and supporting strong community relationships whilst also managing resources efficiently and responsibly to help reduce pollution and mitigate climate change.
