

Tariff rate quota review No. TQ0077

Aluzinc, aluminised flat steel, and quarto plate (Category 4 and 7)

Notice of termination of a review

The Trade Remedies Authority (TRA) makes the following Notice under regulation 37(5)(a) of The Trade Remedies (Increase in Imports Causing Serious Injury to UK Producers) (EU Exit) Regulations 2019 (the Safeguard Regulations), to terminate this review.

This Notice is published on **31 March 2026**, and the review terminates on this date.

SUMMARY OF THE REVIEW TO DATE

The TRA initiated a tariff rate quota (TRQ) review following the receipt of applications from the International Steel Trading Association (ISTA) and Babcock International Group (Babcock). The notice of initiation (NOI) can be found on the [public file](#).

Interested parties were invited to register to the review prior to a deadline of 25 January 2026. During the registration period, parties were invited to provide information and comment on the applications received by the TRA.

The TRA published its statement of intended final determination (SIFD) on 13 February 2026 setting out the determination it intended to make, pursuant to regulations 36(4A) and 29 of the Safeguard Regulations. Based on evidence available to the TRA, and for the reasons provided within the SIFD, the TRA informed that it intended to conclude that the tariff rate quota to which the goods under review are subject should be maintained, in accordance with regulation 35B(7)(a) of the Safeguard Regulations.

The TRA invited comments from interested parties and considered all comments submitted prior to the deadline for comment on 23 February 2026.

REASONS FOR TERMINATION

The TRA has made a final determination that the TRQ to which goods are subject should be maintained in accordance with the relevant public notice,¹ pursuant to regulation 35B(7)(a) of the Safeguard Regulations.

The TRA published the final determination for TRQ review TQ0077 on 31 March 2026. No further action is needed by the TRA, so the TRQ review process is therefore terminated.
