Ocean shipping from Baoshan, Shanghai to Rotterdam

Ocean freight is the most common mode of transport that importers and exporters use. In fact, a full 90% of goods are shipped by ocean freight. The other international freight transport

modes (courier, air freight, express) are all faster, but they are also more expensive. Smaller shipments, and products with a high value, are often shipped by these other modes. Find Baoshan, Shanghai to Rotterdam ocean freight rates below.

Ocean freight services from Baoshan, Shanghai to Rotterdam break down to two options: a full container load (FCL) and a less than container load (LCL). With LCL, several shipments are packed into one container. This means more work for the forwarder. There's extra paperwork involved, as well as the physical work of consolidating various shipments into a container before the main transit and de-consolidating the shipments at the other end.

Air cargo from Baoshan, Shanghai to Rotterdam

Air freight from Baoshan, Shanghai to Rotterdam is used by global importers and exporters when they need to get goods somewhere quickly and reliably. While 90% of everything is shipped by ocean freight, air freight connects the world faster, cutting China - Netherlands freight shipping time from 20-30 days by ocean to only three days by air cargo.

International air freight and express freight shipments are not the same things.

Express air freight is typically handled by one company (like DHL, UPS or FedEx) that manages the entire shipment lifecycle, with shipping from door to door in under five days. Express air freight shipments are usually smaller (less than one cubic meter and 200 kilograms) than air freight. Find air freight rates for shipping from Baoshan, Shanghai to Rotterdam [here](#).
