

## EAPA Case 7907: Sinoboom North America, LLC (Notice of Determination as to Evasion, June 30, 2025)

### Determination as to Evasion in Enforce and Protect Act Investigation Case 7907 – Mobile Access Equipment and Subassemblies from China

**WASHINGTON** — On June 30, 2025, U.S. Customs and Border Protection (CBP) issued its determination as to evasion by Sinoboom North America, LLC (Sinoboom NA) in Enforce and Protect Act (EAPA) investigation 7907. Sinoboom NA was suspected of evading antidumping duty (AD) order A-570-139 and countervailing duty (CVD) order C-570-140 on certain mobile access equipment and subassemblies thereof from the People’s Republic of China (China).

CBP found there is substantial evidence that Sinoboom NA entered covered merchandise for consumption into the customs territory of the United States through evasion. Specifically, Sinoboom NA imported finished MAE comprised of numerous Chinese-origin subassemblies and subassembly components into the United States as a product of Poland only, without appropriately disclosing China as the country of origin (“COO”). As a result, applicable duties were not collected for the merchandise.

In light of CBP’s findings, CBP will:

- CBP will suspend or continue to suspend the liquidation for all entries imported by Sinoboom NA, that are subject to EAPA investigation 7907, and continue suspension until instructed to liquidate these entries.

- For those entries previously extended in accordance with the interim measures, CBP will rate adjust and change those entries to type 03 and continue suspension until instructed to liquidate these entries.
- CBP will also evaluate Sinoboom NA's continuous bonds in accordance with CBP's policies and may require single transaction bonds as appropriate.

This determination does not preclude CBP from taking additional enforcement measures under its legal authorities if other customs concerns are identified, which include pursuing civil penalties or investigations into criminal violations.
