

## ABOUT US

**Snorkel is a leading global manufacturer of aerial work platforms. The wide range of Snorkel lifts is suitable for a wide range of applications up to 40 meters, providing a safe and efficient way to work at height.**

Founded in 1959, Snorkel is known worldwide for producing innovative and simple, robust and durable, safe and reliable aerial work platforms.

In China, we have brand new lifts in stock, ready for fast delivery across the country. Our highly trained regional distributors are ready to provide you with excellent customer service, product support, and a stock of genuine Snorkel spare parts to keep your lift running at its best.

We support the distribution network and provide direct customer service and technical support through our office in Shanghai.
