

Trade Remedies Authority  
1 Horse Guards Road  
London  
SW1A 2HQ

28 October 2025

Dear Sir/Madam,

British Steel Limited is a producer of wire rod in the United Kingdom, supplying domestic customers from our operations in Scunthorpe.

We hereby confirm our support for 7-Steel UK's application requesting an expiry review of the existing anti-dumping measures on imports of wire rod originating in the People's Republic of China under Case TD0007.

We share the view that removal of the current measures would likely result in the recurrence of injurious dumping, with significant adverse consequences for the UK wire-rod industry.

To comply with commercial confidentiality and UK competition law, British Steel Limited will provide any necessary confidential production and market data directly to the Trade Remedies Authority or, where appropriate, via UK Steel.

Please do not hesitate to contact us if further clarification or supporting information is required.

Yours faithfully,

Lisa Coulson  
Chief Commercial Officer
