

ARTICULATED BOOM LIFTS (<https://dinglisaarc.com/power/electric/>)

SERIES

BA17NE

The **BA17NE** is a compact, environmentally friendly small boom lift powered by a pure electric drive, ensuring quiet, zero-emission operation with long endurance. Its foam-filled non-marking tyres provide stability and protection for sensitive surfaces, making it perfect for indoor and delicate environments. This lift is ideal for various high-reach applications, offering both efficiency and sustainability.

KEY FEATURES

- **Pure Electric Drive:** Zero emissions and noise-free operation for eco-friendly and quiet work environments.
- **Long Endurance:** Designed for prolonged use, ensuring efficient performance throughout the workday.
- **Foam-Filled Non-Marking Tyres:** Prevents damage to floors and surfaces, ideal for indoor and sensitive area usage.
- **Compact and Maneuverable:** Easy to navigate in tight spaces, ensuring versatility in a variety of applications.
