Extensions - Note to Public File

Note to the public file summarising further time extensions granted for submission of questionnaire responses to the case TS0069 – Continuous Filament Glass Fibre Products originating in Egypt.

On 27 June 2025, the Trade Remedies Authority (TRA) granted an extension of time for the Government of Egypt until 28 July 2025 to submit a questionnaire response.

The TRA has received a further application from the Government of Egypt for an extension of time to submit a questionnaire response, citing the following reasons: the complexity and volume of documentation required by the questionnaire response; the impact of engagement with several ongoing investigations; delays in availability of key data.

The TRA has considered the application and decided to grant an extension to this party until **4 August 2025**, having determined that granting such an extension would not significantly impede the progress of the review.

Please contact TS0069@traderemedies.gov.uk if you have any questions or comments relating to this review.
