Extensions - Note to Public File

Note to the public file summarising time extensions granted for submission of pre-sampling questionnaires to the case TS0069 – Continuous Filament Glass Fibre Products originating in Egypt.

The Trade Remedies Authority (TRA) received an application for an extension of time to submit a pre-sampling questionnaire.

Having considered the application, the TRA has determined that granting this extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following party:

Company name	Reason for granting extension	New due date for completed questionnaire response
Brett Martin Daylight Systems	Technical difficulties in registering via the Trade Remedies Service (TRS)	7 April 2025
