

# Anti-dumping investigation of Biodiesel from the People's Republic of China (the PRC)

## Case No. AD0058

### Extensions - Note to Public File

#### Note to the public file summarising time extensions granted for SEF comments

The Trade Remedies Authority (TRA) received an application for an extension of time to submit comments following the publication of AD0058's Statement of Essential Facts.

Each application for an extension of time has been assessed individually, taking into account the reason for the request, the individual circumstances of the company and the anticipated impact of the requested extension on the investigation timeline.

Having considered their application, the TRA has determined that granting this extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following parties:

Company name	New due date for comments on Statement of Essential Facts
Longyan Zhuoyue	25 September 2025
Xiamen Zhuoyue	25 September 2025
