Extension - Note to Public File

Note to the public file summarising a time extension granted for the submission of comments on the SEF.

The Trade Remedies Authority (TRA) received an application for an extension of time to submit comments on the AD0021 Provisional Affirmative Determination (PAD) and Statement of Essential Facts (SEF).

Having considered the application, the TRA has determined that granting a certain extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following parties:

Company names	Reason for granting extension	New deadline for submission
MOFCOM	Time required to fully understand the TRA's determinations within documents published over a short period of time.	16 July 2023
