Anti-dumping No. AD0058

Anti-dumping Investigation on Biodiesel originating from the People's Republic of China

Extensions - Note to Public File

Note to the public file summarising time extensions granted for submission of comments on the proposal of an appropriate representative third country.

The Trade Remedies Authority (TRA) received a request from the Renewable Transport Fuels Association (RTFA) for an extension of time to submit comments on the proposal of an appropriate representative third.

Having considered the RTFA's request, the TRA has decided to extend the specified period for comments for all parties to **17 October 2024**. The TRA has determined that granting this extension would not significantly impede the progress of the investigation.

For information about this investigation, please refer to the [public file](#).

Should you have any questions or comments, please do not hesitate to contact us at AD0058@traderemedies.gov.uk.
