Dear Mr. Reid:

On behalf of Guangdong Overland Ceramics Co., Ltd. (hereinafter referred to as “the Company” or “Overland”), we hereby request a three-weeks extension of time to file Overland’s response to the UK Trade Remedies Authority’s (“Authority”) Overseas Exporter Questionnaire (“Questionnaire”) issued on 12 December 2022 in the above-referenced transition anti-dumping review. Overland’s response is currently due on 16 January 2023. The requested extension would result in a new deadline of 6 February 2023. This is Overland’s first extension request for this submission.

Overland request for extension for following reasons:

First, the Questionnaire requests information regarding numerous of Overland’s department, including Financial Department, Manufacture Department, Sales Department etc. Collecting the requested information in a complete and accurate manner is a time-consuming endeavor that requires extensive coordination internal the Company.

Second, as the Chinese New Year is approaching, the Company has stopped its production for a month-long maintenance shutdown, office staff will also leave early for the Holiday season. In addition, the Company’s staff, especially accounting people are busy closing accounts now. Also, the 2023 New Year’s holiday has also had impact on the questionnaire response.

Third, Overland is encountering ongoing difficulties with preparing its responses due to a significant wave of COVID-19 in China. Most of people participating the job tested positive within a short period of time, causing the ability for the Company to timely complete the questionnaire future impaired.

Accordingly, Overland respectfully requests for a three-weeks extension for the questionnaire response.

Thank you so much for your kind consideration. Please contact the undersigned if you have any questions regarding this matter.
