

Extension - Note to Public File

Note to the public file summarising a time extension granted for the submission of a pre-sampling questionnaire to the case:

AD0059 – Certain engine oils and hydraulic fluids from Lithuania and the United Arab Emirates.

The Trade Remedies Authority (TRA) has received an application for an extension of time to register and complete the relevant pre-sampling questionnaire (PSQ).

Having considered the application, the TRA has determined that granting an extension would not significantly impede the progress of the review and has therefore decided to grant an extension to the following party:

Company name	New due date for completed PSQ response
TotalEnergies Marketing UK Limited	23:59 UK time, 25 July 2024.

The case team are working through deficiencies with parties that have submitted their documents and will be publishing the non-confidential registrations to the public file once this process is completed.
