Extensions - Note to Public File

Note to the public file summarising time extensions granted for questionnaire submission

The Trade Remedies Authority (TRA) received an application for an extension of time to submit questionnaires.

Each application for an extension of time has been assessed individually, taking into account the reason for the request, the individual circumstances of the company and the anticipated impact of the requested extension on the investigation timeline.

Having considered their application, the TRA has determined that granting certain extension would not significantly impede the progress of the investigation and has therefore decided to grant an extension to the following party:

| Company name | New due date for completed questionnaire response |
|------------------|---------------------------------------------------|
| Phillips 66 Ltd. | 28 October 2024 |
