

## **SUBSIDY TRANSITION REVIEW No. TS0038**

Subsidy transition review on electric bicycles originating in the People's Republic of China

### **Notification of sample**

Given the number of responses in the registration period, the Trade Remedies Authority (TRA), will limit its examination of overseas exporters.

This notification is not intended to preclude the TRA from limiting its examination to a sample of transactions for the purchase of like goods.

### **Overseas exporter sampling**

Based on the information available to the TRA, the sample will include the following 4 overseas exporters. In accordance with Regulation 56(3)(b) of The Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019, the sample is based on a statistically valid method of the two companies with the largest volume of exports, and the two companies with the largest volume of exports and domestic sales.

1. Zhongxin Power (Tianjin) Bicycle Co. Ltd
2. Jinhua Vision Industry Co. Ltd
3. Changzhou HJ Pedal Co. Ltd
4. Giant Electric Vehicle (KunShan) Co. Ltd

Sampled overseas exporters will be expected to provide adequate responses to questionnaires and allow the TRA to verify the data provided.

Parties are invited to comment on this proposed sample via the trade remedies service by **30 June 2023**. Please provide both a confidential and non-confidential response.

### **Requesting an individual countervailing amount**

Cooperating overseas exporters that are not included in the sample listed above may request that the TRA calculate an individual countervailing amount provided that the overseas exporter has supplied the necessary information in time for that information to be considered for the transition review. The TRA will accept that request unless the number of exporters requesting an individual countervailing amount is so large that individual examination would be unduly burdensome and prevent the timely completion of the transition review.

If you would like to request individual treatment, please complete Annex A and submit this on our online Trade Remedies Service.

Applications for individual examination may not be considered if the party in question did not make themselves known within the registration period.

The TRA will determine countervailing amounts for non-sampled cooperating overseas exporters, and not assign individual countervailing amounts, using the weighted average of the amounts determined for the overseas exporters in the sample.

## Annex A – Request for individual treatment for the subsidy transition review TS0038

<input type="checkbox"/>	I would like to apply for the company I represent to be considered for an individual countervailing amount.
<input type="checkbox"/>	I understand that, even if this application is accepted, it does not prevent the possibility that the company I represent being found non-cooperative, and therefore being given the residual margin. <sup>1</sup>
<input type="checkbox"/>	I understand that, in the event this application is accepted the company I represent will be unable to opt out of individual treatment. This applies even if the individual countervailing amount is higher than the non-sampled cooperative party amount that would otherwise have been calculated for the company I represent.
