

TRANSITION REVIEW No. TD0035

Anti-dumping duties on certain pneumatic tyres used for buses or lorries originating in the People's Republic of China

Notification of sample - exporters

The number of responses received by the Trade Remedies Authority (TRA), in both the registration period and to the pre-sampling questionnaire, means the TRA will limit its examination to a sample of overseas exporters.

We have received no responses to the original published sample.

This notification is to inform all parties of the final sample.

Based on the information available to the TRA, the proposed sample has been determined by selecting overseas exporters who exported the largest volume of the goods concerned from the People's Republic of China to the UK during the period of investigation (1 January 2022 to 31 December 2022).

The final sample of overseas exporters is listed below. Each of the companies mentioned below, within the group, will be sent a questionnaire.

- Hankook Group (including Chongqing Hankook & Jiangsu Hankook),
- Shandong Yongfeng Tyres Co Ltd,
- Shandong Haohua Tire Co Ltd.
