

ANTI-DUMPING TRANSITION REVIEW No. TD0037

Anti-dumping transition review on electric bicycles originating in the People's Republic of China (PRC)

Notification of expanding the sample

The Trade Remedies Authority (TRA) proposes to expand its sample of overseas exporters. We are taking this decision as we require better coverage of the data.

This notification is not intended to preclude the TRA from limiting its examination to a sample of transactions for the purchase of like goods.

Overseas exporter sampling expansion

Based on the information available to the TRA, the proposed sample will include the following 5 overseas exporters. In accordance with Regulation 56(3)(b) of The Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019, the sample is based on the statistically valid method of the two companies with the largest volume of exports, and the three companies with the largest volume of exports and domestic sales.

1. Zhongxin Power (Tianjin) Bicycle Co. Ltd
2. Jinhua Vision Industry Co. Ltd
3. Changzhou HJ Pedal Co. Ltd
4. Giant Electric Vehicle (KunShan) Co. Ltd
5. Changzhou Merrygold Machinery & Electronic Co. Ltd

Once the sample is finalised, sampled overseas exporters will be expected to provide adequate responses to questionnaires and allow the TRA to verify the data provided.

Parties are invited to comment on this expanded sample via the trade remedies service by **28 August 2023**. Please provide both a confidential and non-confidential response.
