Anti-dumping duties – Certain Cast Iron Articles from The People’s Republic of China

Note to Public File

5 January 2023

Notification of Proposed Sample – Exporters.

The TRA have received five pre-sampling questionnaire responses from exporters of certain cast iron articles from the People’s Republic of China (PRC) to the UK.

In accordance with regulations 54(4), and 56(3) and (4), and 57(3) of the Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019, the TRA proposes to limit its examination to a sample comprising the following three exporters:

Hong Guang Handan Foundry Co. Ltd

Quingdao Everbright Machinery Co. Ltd

Shanxi Yuansheng Casting & Forging Industrial Co. Ltd.

This proposed sample is on the basis that they are exporters and represent the largest volume of exports from the PRC to the UK that the TRA is reasonably able to investigate.

The TRA seeks to consult and invites comment on the sample. A confidential and a non-confidential version of comments should be submitted as a general submission of evidence via the Trade Remedies Service for those registered to the case, and to TD0029@traderemedies.gov.uk for those not registered to the case, by no later than 23:59 hours GMT on 13 January 2023. The non-confidential version of comments received will be published on the [public file](#).
