

TRANSITION REVIEW No. TD0056

Anti-Dumping duties on Certain Ceramic Tableware and Kitchenware Products originating in the People's Republic of China (PRC)

Notification of final sample

Overseas exporter sampling

The TRA received 446 registrations of interest from overseas exporters during the registration period which represents a significant majority of exports of the goods subject to review to the UK during the period of investigation (POI).

Given the number of responses received during the registration period, the Trade Remedies Authority (TRA) will limit its examination of overseas exporters. The TRA considers that examining all overseas exporters would be unduly burdensome and would prevent the timely completion of the investigation.

The TRA published the [notice of proposed sample](#) on 21 June 2024. The TRA did not receive any submissions in response.

In accordance with Regulation 56(3)(a) of The Trade Remedies (Dumping and Subsidisation) (EU Exit) Regulations 2019¹, the sample is based on the largest volume of exports reported by the exporter, and will include the following 4 overseas exporters:

- Hunan Quanxiang Ceramics Corp. Ltd
- Liling Top Collection Industrial Co., Ltd
- LINYI JINGSHI CERAMICS CO., LTD
- Hunan Hualian China Industry Co., Ltd

Sampled overseas exporters will be expected to provide adequate responses to questionnaires and allow the TRA to verify the data provided.

Based on the information provided by the registered parties, we determined that the exporters in the proposed sample represent more than 25% of the exports of the goods subject to review to the UK during the POI.

Non-confidential versions of the pre-sampling questionnaires (PSQs) submitted by the exporters in the proposed sample have been published on the [public file](#).

Please see [Annex 1](#) which lists the rest of the non-sampled overseas exporters who registered their interest to the case.

The TRA has decided not to publish the non-confidential versions of the PSQs from rest of the non-sampled overseas exporters because the TRA considers that this task would be unduly burdensome.

¹ Statutory Instrument 2019/450, as amended.

Compelling evidence for recalculation

When carrying out a transition review of an anti-dumping measure, the TRA may consider whether it is appropriate to vary the anti-dumping duty. The TRA informed interested parties and contributors that it did not intend to recalculate the anti-dumping duty for this case unless compelling evidence was provided that it should do so. Interested parties and contributors were asked to provide any such evidence in their registration documents.

At the end of the registration period, the TRA determined that parties had not provided such compelling evidence. As such, the TRA will not attempt to recalculate anti-dumping amounts in this transition review.
