

DUMPING INVESTIGATION CASE No. AD0071

Hot-rolled steel plates imported into the United Kingdom originating from the Republic of Korea (ROK)

Note to Public File – Sampling Approach

As stated in the [Notice of Initiation](#), depending on the number of parties registering an interest in the investigation, we may consider it appropriate to limit examination to a sample of:

- overseas exporters;
- overseas producers;
- importers;
- categories of goods;
- UK producers;
- transactions for the purchase of the like goods in the UK; or
- anything else we consider appropriate to sample.

Due to the number of responses in the registration period, the Trade Remedies Authority (TRA) will not limit its examination at this stage. It may become necessary to limit examination to a sample of these categories at a later stage in the case.

2. Dongkuk Steel Mill Co., Ltd.
