## **TRANSITION REVIEW No. TD0029**

**Anti-dumping duties – Certain Cast Iron Articles originating from**

**The People's Republic of China**

**Note to Public File**

**17 January 2023**

### **Notification of Sample – Overseas Exporters.**

The sample of Overseas Exporters is listed below:

- Hong Guang Handan Foundry Co., Ltd
- Qingdao Everbright Machinery Co., Ltd
- Shanxi Yuansheng Casting & Forging Industrial Co., Ltd.

Based on the information available to the Trade Remedies Authority (TRA), the sample has been determined by selecting Overseas Exporters who exported the largest volume of the goods subject to review during the period of investigation (1 October 2021 - 30 September 2022).

The TRA will calculate the individual dumping margins for these parties, provided they supply the necessary information in time to be considered in the transition review.

Each of the companies sampled will be sent a questionnaire.

#### Individual dumping margin application:

A co-operating Overseas Exporter not listed above may apply to the TRA for an individual dumping margin calculation using the application form at Annex A.

The TRA will accept the request and calculate the individual dumping margin, provided the Overseas Exporter has supplied the necessary information in time to be considered during the transition review or unless the number of such applications is so large that individual examinations would prevent the timely completion of the review.

The dumping margin for non-sampled cooperating Overseas Exporters:

The TRA will determine anti-dumping amounts for cooperating Overseas Exporters using the weighted average of the amounts determined for the sampled Overseas Exporters.
