

Transition Review No. TD0053

Chamois Leather

Note to public file – Presence of the UK industry

On 20 February 2024, the Trade Remedies Authority (TRA) published a [Notice of Initiation](#) (NOI) to advise that they were reviewing the anti-dumping measures on chamois leather originating in the People’s Republic of China, to assess whether dumping of the goods is likely to continue or recur, and whether injury to a UK industry in the like goods would be likely to continue or recur, if the measures were revoked.

The TRA has received submissions from interested parties and contributors. On the basis of the information received, we have not yet identified any production of chamois leather currently taking place within the UK. This is because we do not have evidence that there is any current production, or plans for production in the UK of the like goods.

Evidence of production in the UK is necessary for us to determine if there is a UK industry that can suffer a continuation of, or recurrence of injury.

The definition of a UK industry can be found within Schedule 4 paragraph 6 of the [Taxation \(Cross-border Trade\) Act 2018](#):

For the purposes of this Schedule, a “UK industry” in particular goods means—

- (a) all the producers in the United Kingdom of like goods (see paragraph 7), or*
- (b) those of them whose collective output of like goods constitutes a major proportion of the total production in the United Kingdom of those goods.*

The TRA has not yet determined that there is a UK industry in the like goods. Should the TRA find that there is no evidence for a UK industry that is suffering injury, it would be likely that the measure is revoked.

Before we make a final UK industry determination in this review, we are inviting further comments to assess whether there is production, or intended production in the UK. If you have any comments on the presence of a UK industry, please contact us via the Trade Remedies Service at TD0053@traderemedies.gov.uk by 29 July 2024. While we may consider submissions made after this date, we are not obliged to do so.

We will publish our final decision, the reasons for it, and address any comments received in response to this notice in the Statement of Essential Facts (SEF). Where we reject information for any reason, we will publish our reasons for rejection in the Statement of Essential Facts.

Should you have any questions or comments, please do not hesitate to contact us at TD0053@traderemedies.gov.uk
