## Anti-dumping and countervailing duties on Organic Coated Steel (OCS) from People's Republic of China (PRC)

### Note to public file

7<sup>th</sup> June 2024

#### Business survey

We are conducting an online survey to gather the perspectives of upstream businesses and downstream businesses on the anti-dumping and countervailing duties on Organic Coated Steel (OCS) from People's Republic of China (PRC).

The survey will be open from 7<sup>th</sup> June 2024 to 15<sup>th</sup> July 2024 and can be accessed [here](#).

The evidence submitted via the survey will only be used for the [Economic Interest Test](#) and will not be used to assess dumping, subsidisation, injury and/or causation. Information submitted will be stored confidentially by the TRA and the TRA will only publish a summary of responses. We will not undertake a formal verification process for information gathered from this survey, however businesses may be contacted if we need to clarify any information or publish any evidence provided.

This survey should not be completed by exporters, importers or UK producers. These parties should instead complete a questionnaire and upload to the [Trade Remedies Service](#). Questionnaires are more detailed and so will allow these parties to submit information relating to other parts of the investigation.

Our preliminary and final reports for this investigation will be published on our public files: [TD0054](#) and [TS0055](#).

We use Qualtrics to deliver our surveys. For more information, please see their [privacy statement](#).
