All Steels Trading Ltd is a bulk deck side stock trader of long steel products, with imports from EU + Turkey and export sales to EU member states.
As such, any safeguard measures have the potential to have large implications on almost every aspect in the running of our business.

2. Please describe your interest in this case:

We buy + sell around 120,000 tonnes of steel pa.
Buying - 45% British, 35% Turkish, 20% EU
Selling - 80% UK, 20% EU members.
Our concerns are predominantly on the export side, as any UK safeguards on the EU are likely to be reciprocated and may prevent/prohibit us being able to sell UK produced products to EU members.

Section B – Additional information

This may include:

- other parties which you think should be invited to register an interest in the case;

Categories All Steels products come under:
12, 17 + 21

We export large quantities of products under these 3 categories and fear any EU tariffs imposed on the UK could be seriously detrimental to both our company and the UK economy in general.
