Established steel producer since 1988. We produce Rebars, Gas pipes, Hollow sections, Large Welded Tubes, other welded pipes and Metallic coated coils in the UAE.

We would like to participate to know further developments on this case. We last exported our pipes to the UK in 2018 in small volumes.

Section B – Additional information

Use the box below to provide any other relevant information which you think would be useful to help our review.

This may include:

- other parties which you think should be invited to register an interest in the case;
- scope of the review, including product categories and/or custom codes you think should be added or removed, and reasons why; or
- anything else you consider relevant.

Our last export of pipes was in 2018. Since the EU quote has been implemented, we have never been able to cater the UK Market. As a recommendation to the existing system, the smaller exporters should be given consideration.
