<b>Section B – Additional information .....</b>	<b>4</b>
<b>Section C – Certification .....</b>	<b>5</b>

## Section A – Your organisation's interest in the case

To register your organisation's interest in this case, please complete the text boxes below. You should use this form if you are not a UK producer, UK importer or overseas exporter of the goods subject to review, like goods or directly competitive goods. For a definition of goods subject to review/ like goods/ directly competitive goods, please refer to the Notice of Initiation.

1. Please describe the role of your organisation in relation to the goods subject to review, like goods or directly competitive goods:

Kingspan Limited purchases Organic Coated (Pre-painted) Steel from South Korea in the making of our end products.

2. Please describe your interest in this case:

Tata Steel is the only local UK manufacturer of organically coated steels. We purchase a significant proportion of our current volume from them already, as well as importing volumes from the EU and South Korea to satisfy the balance of our requirements.

A lack of imported volumes will result in reduced local market availability of material, immediately increasing local UK pricing and making our exports to the EU and to the rest of the world uncompetitive versus others in mainland Europe.

## Section B – Additional information

Use the box below to provide any other relevant information which you think would be useful to help our review.

This may include:

- other parties which you think should be invited to register an interest in the case;
- scope of the review, including product categories and/or custom codes you think should be added or removed, and reasons why; or
- anything else you consider relevant.
