Section A – Your organisation's interest in the case

To register your organisation's interest in this case, please complete the text boxes below. You should use this form if you are not a UK producer, UK importer or overseas exporter of the goods subject to review, like goods or directly competitive goods. For a definition of goods subject to review/ like goods/ directly competitive goods, please refer to the Notice of Initiation.

1. Please describe the role of your organisation in relation to the goods subject to review, like goods or directly competitive goods:

Rainham Steel Company Ltd is a UK based steel stockholding business. It regularly buys large volumes of affected steel products direct from EU companies to then sell onto mainly UK customers.

2. Please describe your interest in this case:

We are increasingly concerned about what is being discussed in terms of the EU Safeguard Measures that will be adopted in the UK from June 2021. Our company relies heavily on competitively priced and available material from EU suppliers and the risk of quotas and tariffs being imposed will make the market unworkable for a number of businesses.

We believe that the quota and tariffs will be based on what we, and our suppliers, consider to be a POI that does not represent the current levels of trade between the EU and the UK.
