Safeguard measures on certain steel products

Case: TF0006

Period of Investigation (POI):	<input type="text" value="2013 - 2017"/>
Most Recent Period (MRP):	<input type="text" value="1 January 2018 to 30 June 2020"/>
Deadline for response:	<input type="text" value="15 October 2020"/>
Case Team Contact:	<input type="text" value="Imogen Yapp, Lead Investigator, TF0006@traderemedies.gov.uk"/>
Completed on behalf of:	<input type="text"/>

When you have completed this form, indicate the **confidentiality status** of this document by placing an X in the relevant box below:

☐ Confidential

☒ Non-Confidential – will be made publicly available

Please note that you will have to provide **two copies of your response** – a **Confidential** and a **Non-Confidential version**. Both copies should be returned to TRID using the Trade Remedies Service (www.trade-remedies.service.gov.uk) by 15 October 2020.

For further information regarding the POI or MRP, please see the Notice of initiation on the [public file](#).

Section C – Certification	5

Section A – Your company's interest in the case

To register your company's interest in this case, please complete the text boxes below. You should use this form if you are an exporter of the goods subject to review. For a definition of goods subject to review, please refer to the Notice of Initiation.

1. Please describe the role of your company in relation to the goods subject to review, like goods or directly competitive goods:

THL Tube and Pipe Industries LLC (THL) is located in Dubai Investment Park 2, United Arab Emirates. THL manufactures High Frequency Welded Steel Pipes and Tubes in Black and Painted finishes. The mill's manufacturing size range consists of Round pipes from sizes 4" to 12", Square tubes from size 40x40 to 250x250 and Rectangular tubes from size 60x40 to 300x200 in thicknesses from 1.5 mm to 12.7mm, using various material grades and also as per customer requirements. THL exports material to various countries around the world, including the United Kingdom (UK).

THL has been exporting material which is covered under the proposed safeguard measures on certain steel products to the UK for the past 10 years.

2. Please describe your interest in this case:

We supply UAE manufactured pipe and tubes to the UK which fall under the safeguard measures on certain steel products. Currently we are supplying approximately [REDACTED] metric tons per annum of Gas pipes (Category 20) and Hollow section (Category 21). The current quotas mention in UK safeguard on certain steel items for UAE are significantly below our current volumes to the UK.

Section B – Additional information

Use the box below to provide any other relevant information which you think would be useful to help our review.

This may include:

- other parties which you think should be invited to register an interest in the case;
- scope of the review, including product categories and/or custom codes you think should be added or removed, and reasons why; or
- anything else you consider relevant.

Scope of Review

The current quotas mentioned in UK safeguard on certain steel items for UAE are significantly below our current volumes to the UK.

As per the proposed measures, UAE has been given special quota only on “Other welded pipes” (Category 26), while in the other categories UAE has been grouped with “Other countries”.
