Commodity Code Typographical Error on TS044 Notice of Initiation (NOI)

On 5 October 2023, the TRA published the [Notice of Initiation](#) (NOI) for this TS0044 Transition Review. On Page 2 of the NOI, it states the following: “ * *The commodity codes that are listed above **in italics** have been replaced by new commodity codes. The code changes do not alter the description of the goods subject to review. The transfer date of these changes was 18 August 2023 and are detailed below:*”

The first commodity code listed is 15 16 20 98 30 and it states that this code has been replaced by three commodity codes, these being: **15 16 20 91 31**; 15 16 20 98 32 and 15 16 20 98 39.

The above commodity code, underlined in bold type, is incorrect and should read **15 16 20 98 31**. There is a typographical error on the 8th digit (15 16 20 91 31), the correct digit being an ‘8’ (15 16 20 98 31)

This correction of the commodity code does not alter the scope or description of the goods that are the subject of this measure.
