

Transition Review No. TD0027

**Anti-dumping duties - Ceramic Tiles from The People's Republic of
China**

Note to Public File - Notice of Sample – Overseas Exporters

8 December 2022

The sample of Overseas Exporters is listed below:

- Guangdong Overland Ceramics Co. Ltd.
- Foshan Shiwan Yulong Ceramics Co. Ltd.
- Guangdong Jiamei Ceramics Co. Ltd.

Based on the information available to the TRA, the sample has been determined by selecting Overseas Exporters who exported the largest volume of the Goods Subject to Review during the Period of Investigation (01 July 2021 – 30 June 2022).

The TRA will calculate individual dumping margins for these parties, provided they supply the necessary information in time to be considered in the transition review.

Each of the companies sampled will be sent a questionnaire.

Individual dumping margin application

A non-sampled Overseas Exporter may apply to the TRA for an individual dumping margin calculation using the application form at Annex A.

The TRA will accept the application and calculate the individual dumping margin, provided the Overseas Exporter has supplied the necessary information in time to be considered during the transition review or unless the number of such applications is so large that individual examinations would prevent the timely completion of the review.

The dumping margin for non-sampled cooperating Overseas Exporters

The TRA will determine anti-dumping amounts for non-sampled cooperating Overseas Exporters using the weighted average of the amounts determined for the sampled Overseas Exporters.
