## Strategic report

The directors present their strategic report and financial statements for the year ended 31 December 2018.

### Results and dividends

The group total operating profit for the year amounted to £14,555,000 (2017 – profit of £19,876,000). The directors do not recommend a dividend (2017 – £nil).

### Principal activity and review of the business

The group's principal activity during the year is the manufacture and sale of steel long products.

The company's principal activity during the year was as the holding company for the Celsa UK group of companies.

The group's key financial indicator is EBITDA which was £31.9m (2017 £35.7m).

Turnover was £518,512,000 (2017 – £479,679,000), the increase year on year was mainly due to pricing with year on year volumes being comparable.

The group is mainly focused on the domestic market and an analysis of turnover by geographical market is as follows:

	2018 £000	2017 £000
UK domestic sales	421,145	388,627
Export	97,367	91,052

### Capital investment

During 2018 there have been no significant capital investments.

### Fixed assets

The movements in tangible fixed assets are shown in note 12 to the financial statements.

### Future developments

The directors aim to maintain the policies of the company and the group.

The company and group continues to commit resources to the development of new products and processes where this activity is necessary to the evolution of its business and in order to keep it technologically in the forefront of the marketplace.

The company and group is fully committed to develop the Total Quality Management approach across the organisation.

### Principal risks and uncertainties

The company's and group's exposure to the price of raw materials is important; therefore purchase strategies are monitored regularly as well as selling prices.

### Foreign currency risk

The company's and group's currency risk is controlled by natural hedge wherever possible and where there is an excess, the company and group may take out foreign exchange currency contracts accordingly.

### Interest rate risk

The company's and group's policy is to manage its cost of borrowing using a mix of debt types.

## Strategic report (continued)

### Principal risks and uncertainties (continued)

#### Credit risk

The company's and group's policy is to insure its trade debtors and exercise strong credit control procedures.

#### Price risk

The company's and group's products are subject to changing market prices at both selling and purchasing level. It manages this risk by striving to be a low cost producer.

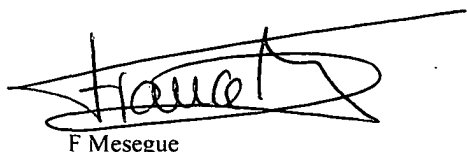

#### Liquidity risk

The company and group aims to mitigate liquidity risk by managing cash generation by its operations, and applying cash collection targets. Investment is carefully controlled, with authorisation limits operating at board level and cash payback periods applied as part of the investment appraisal process.

#### Environment

The company and group recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to minimise any harm that might be caused by the group's activities. The company and group operates an Environmental Management System that is certified to ISO14001 which it has now maintained for the thirteenth year.

## Directors' report

The directors present their report and financial statements for the year ended 31 December 2018.

### Going concern

The financial statements have been prepared on a going concern basis. In determining the appropriate basis of preparation of the financial statements, the directors are required to consider whether the company and group can continue in operational existence for the foreseeable future.

In December 2018, the Celsa UK Group (Celsa (UK) Holdings Limited) renewed its Term Loan and Asset Based Lending (ABL) facilities. As a result, both facilities are committed until December 2023.

The directors have assessed the future funding requirements of the Celsa UK Group and the Company. The assessment included a detailed review of financial forecasts and covenants for at least the twelve-month period from the date of signing the accounts and a review of cash flow projections. Having undertaken this work, the directors are of the opinion that the Company and the Celsa UK Group have access to adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report.

### Directors

The directors who served during the year were as follows:

L Sanz Villares  
F Mesegue  
A Fort  
M McKillop

### Directors' qualifying third party indemnity provision

The company has granted an indemnity to one or more of its directors against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision remains in force as at the date of approving the directors' report.

### Disabled employees

The company and group give full consideration to applications for employment from disabled persons where the requirements of the job can be adequately fulfilled by a handicapped or disabled person.

Where existing employees become disabled, it is the company's and the group's policy wherever practicable to provide continuing employment under normal terms and conditions and to provide training and career development and promotion to disabled employees where appropriate.

## Directors' report (continued)

### Employee involvement

During the year employees have been regularly briefed on progress on group, company and departmental goals and targets; productive performance; market conditions, and points for action through the company team briefing procedure.

Annual meetings are held between management and employee representatives. Matters concerning the company's and the group's performance such as production, productivity and quality, trading performance, and capital investment are discussed, together with matters of general interest to employees such as company and group policies and procedures, health, safety and environmental issues, and welfare matters.

Employees are also encouraged to be involved in performance improvement projects through team working and other departmental improvement activities.

The company and group operate a Safety Management System that is certified to OHSAS 18001 which it has now maintained for the ninth year. The full commitment to the Health and Safety policy is a priority for all employees across the company and the group.

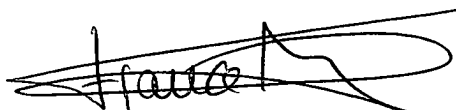

### Disclosure of information to the auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the company's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of that information.

### Re-appointment of auditors

In accordance with section 485 of the Companies Act 2006, a resolution is to be proposed at the Annual General Meeting for reappointment of Ernst & Young LLP as auditor of the company.

By order of the Board

F Meseguer

Director

Date: 26 April 2019

## Statement of directors' responsibilities

The directors are responsible for preparing the strategic report and the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102)'.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company and of the profit or loss of the group and the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, including FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;
- notify its shareholders in writing about the use of disclosure exemptions, if any, of FRS 102 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

# **Independent auditors' report**

## **to the members of Celsa (UK) Holdings Limited**

### **Opinion**

We have audited the financial statements of Celsa (UK) Holdings Limited ('the parent company') and its subsidiaries (the 'group') for the year ended 31 December 2018 which comprise the Group Profit and Loss Account, the Group and Parent Company Balance Sheets, the Group Cash Flow Statement, the Group Statement of Total Recognised Gains and Losses, the Group and Parent Company Statement of Changes in Equity, Group Statement of Historical Cost Profits and Losses and the related notes 1 to 26, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- ▶ give a true and fair view of the group's and of the parent company's affairs as at 31 December 2018 and of the group's loss for the year then ended;
- ▶ have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- ▶ have been prepared in accordance with the requirements of the Companies Act 2006.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the group and parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

# **Independent auditors' report (continued)**

**to the members of Celsa (UK) Holdings Limited**

## **Other information**

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

## **Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- ▶ the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- ▶ the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

## **Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

## **Independent auditors' report (continued)**

**to the members of Celsa (UK) Holdings Limited**

### **Responsibilities of directors**

As explained more fully in the directors' responsibilities statement on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

### **Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## Notes to the financial statements

at 31 December 2018

### 1. General Information

Celsa (UK) Holdings Limited ('the company') is a private company limited by shares and is incorporated and domiciled in Wales. The address of its registered office is Building 58, East Moors Road, Cardiff.

### 2. Statement of compliance

The individual and consolidated financial statements of Celsa (UK) Holdings Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

### 3. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these consolidated and separate financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### ***Basis of preparation***

These consolidated and separate financial statements are prepared on a going concern basis, under the historical cost convention, as modified for the revaluation of tangible assets.

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group and Company accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The company has taken advantage of the exemption in section 408 of the Companies Act from disclosing its individual profit and loss account.

#### ***Going concern***

The financial statements have been prepared on a going concern basis. In determining the appropriate basis of preparation of the financial statements, the directors are required to consider whether the company and group can continue in operational existence for the foreseeable future.

In December 2018, the Celsa UK Group (Celsa (UK) Holdings Limited) renewed its Term Loan and Asset Based Lending (ABL) facilities. As a result, both facilities are committed until December 2023.

The directors have assessed the future funding requirements of the Celsa UK Group and the Company. The assessment included a detailed review of financial forecasts and covenants for at least the twelve-month period from the date of signing the accounts and a review of cash flow projections. Having undertaken this work, the directors are of the opinion that the Company and the Celsa UK Group have access to adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report.

#### ***Basis of consolidation***

The Group consolidated financial statements include the financial statements of the Company and all of its subsidiary undertakings together with the Group's share of the results of associates made up to 31 December.

A subsidiary is an entity controlled by the Group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

An associate is an entity, being neither a subsidiary nor a joint venture, in which the Group holds a long-term interest and where the Group has significant influence. The Group considers that it has significant influence where it has the power to participate in the financial and operating decisions of the associate. The results of associates are accounted for using the equity method of accounting.

All intra-Group transactions, balances, income and expenses are eliminated on consolidation. Adjustments are made to eliminate the profit or loss arising on transactions with associates to the extent of the Group's interest in the entity.

## Notes to the financial statements

at 31 December 2018

### 3. Summary of significant accounting policies (continued)

#### **Turnover**

Turnover, which is stated net of value added tax, represents amounts invoiced to third parties and non-UK group companies and is attributable to the manufacture and sale of steel products.

#### **Intangible assets**

Intangible assets, excluding development costs, created within the business are not capitalised and expenditure is charged against profits in the year in which it is incurred.

Development costs are amortised on a straight line basis over their estimated useful life up to a maximum of 5 years.

Development expenditures, on an individual project, are recognised as an intangible asset when the company can demonstrate how the asset will generate future economic benefits.

The carrying values of intangible fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

#### **Tangible fixed assets**

Tangible fixed assets are measured at deemed cost (a combination of historic cost, historic revaluation and fair value at the date of transition to FRS 102 for certain assets of certain subsidiaries) less accumulated depreciation.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost or valuation less estimated residual value based on prices prevailing at the date of acquisition, of each asset evenly over its expected useful life, as follows:

Plant and machinery	–	over 3 to 30 years
Leasehold buildings	–	over 10 to 50 years
Freehold buildings	–	over 10 to 50 years
Furniture and fittings	–	over 10 years

Land is not depreciated. Assets in course of construction are not depreciated until the project is completed and the assets are commissioned.

The difference between depreciation based on the deemed cost charged in the profit and loss account and the asset's original cost is transferred from the revaluation reserve to retained earnings. The decrease of an asset's carrying amount as a result of a revaluation shall be recognised in equity to the extent of any previously recognised revaluation increase accumulated in equity, in respect of that asset. If a revaluation decrease exceeds the accumulated revaluation gains accumulated in equity in respect of that asset, the excess shall be recognised in profit or loss.

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

#### **Capitalised finance cost**

Interest occurring on borrowings to finance specific capital projects is capitalised, gross of related tax credits until completion of the project. It also includes any accrued interest in addition to the cash paid interest on the borrowings.

#### **Deferred financing costs**

Financing costs incurred on refinancing borrowings are deferred and amortised over the life of the borrowings.

#### **Government grants**

Government grants in respect of capital expenditure are credited to a deferred income account and are released to profit over the expected useful lives of the relevant assets by equal annual instalments.

Grants of a revenue nature are credited to income to match them with the expenditure to which they relate.

### 3. Summary of significant accounting policies (continued)

#### **Complex Financial Instruments**

The company does not currently apply hedge accounting for interest rate and foreign exchange derivatives, as it does not have any of these instruments in either the current or previous period.

#### **Basic financial instruments**

##### (i) Financial assets

Financial assets, including other receivables, amounts due from group companies and cash and bank balances are initially recognised at transaction price.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

Financial assets are derecognised when the contractual rights to the cash flows from the asset expire or are settled.

##### (ii) Financial liabilities

Financial liabilities, including bank loans and loan amounts due to group companies are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

#### **Stocks**

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost includes the purchase price, including taxes and duties and transport and handling directly attributable to bringing the inventory to its present location and condition. Stocks are measured on a weighted average cost basis.

#### **Deferred taxation**

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less or to receive more, tax, with the following exception:

- Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

#### **Foreign currencies**

Transactions denominated in foreign currencies are translated into sterling at the rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the Balance sheet date are translated at the rates ruling at that date. Translation differences are dealt with in the profit and loss account. Exchange differences arising on the translation of net assets of overseas associated undertakings are taken to reserves. Profits and losses of such undertakings are translated into sterling at average rates of exchange during the year.

### 3. Summary of significant accounting policies (continued)

#### *Leasing and hire purchase commitments*

Assets held under finance leases, which are leases where substantially all the risks and rewards of ownership of the asset have passed to the group, and hire purchase contracts are capitalised in the balance sheet and are depreciated over their useful lives. The capital elements of future obligations under the leases and hire purchase contracts are included as liabilities in the balance sheet.

The interest elements of the rental obligations are charged in the profit and loss account over the periods of the leases and hire purchase contracts and represent a constant proportion of the balance of capital repayments outstanding.

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

#### *Provisions for liabilities*

Where the effect of the time value of money is material, the amount of a provision should be the present value of the expenditure expected to be required to settle the obligation.

A provision is recognised when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefit will be required to settle the obligation.

#### *Pensions*

The group operates a defined contribution scheme. Contributions are charged to the profit and loss account as they fall due.

Rom Group Limited is a subsidiary of Celsa (UK) Holdings Limited. Rom Limited, a subsidiary of Rom Group Limited, operates a defined benefit pension scheme as described below:

Rom Limited operates a contracted-out funded defined benefit pension scheme for all employees. The scheme funds are administered by the trustees and are independent of the company's and group's finances. Employees from other companies within the Rom Group participate in the scheme.

Pension scheme assets are measured at fair values and liabilities on an actuarial basis using the projected unit method and are discounted at the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The increase in the present value of the liabilities expected to arise from employee service in the period is charged to operating profit. The expected return on the scheme's assets and the increase during the year in the present value of the scheme's liabilities arising from the passage of time are included in other finance income. Actuarial gains and losses are recognised in the statement of comprehensive income and expenditure.

Pension schemes' surpluses, to the extent they are considered recoverable, or deficits are recognised in full and presented on the face of the balance sheet net of the related deferred tax.

### 4. Turnover

Turnover, which is stated net of value added tax, represents amounts invoiced to third parties and non-UK group companies and is attributable to the manufacture and sale of steel products. An analysis of turnover by geographical market is given below:

	2018 £000	2017 £000

### 9. Tax (continued)

(d) Factors affecting future tax charges:

A reduction in the UK corporation tax rate from 20% to 19% (effective from 1 April 2017) and a further reduction to 18% (effective from 1 April 2020) were substantively enacted on 26 October 2015, and an additional reduction to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. This will reduce the company's future current tax charge accordingly.

The deferred tax asset at 31 December 2018 has been calculated based on these rates.

### 10. Loss attributable to members of the parent company

The loss after tax and dividends dealt with in the financial statements of the parent company is £939,000 (2017 – loss of £451,000).

The group is exempt from publishing the profit and loss account for the parent company.

At 1 January 2018	58,671	156,422	3,141	5,765	223,999

The net book value of tangible fixed assets above includes £3,244,000 (2017 – £3,494,000) in respect of capitalised finance costs.

The group applied the transitional arrangements of Section 35 of FRS 102 and the fair value valuation as the deemed cost for some tangible fixed assets owned by a subsidiary company. The items are being depreciated from the transition date. As the assets are depreciated or sold an appropriate transfer is made from the revaluation reserve to retained earnings.

As part of the transitional arrangements to FRS 102, tangible fixed assets in one subsidiary (Celsa Manufacturing (UK) Ltd) were independently revalued on the basis of open market value by Intervalor Consultancy Group S.A. in December 2015, which was the date of the last full valuation.

Analysis of the tangible assets valued at the date of transition to FRS 102 using the deemed cost exemption:
