**Business and consumer survey responses**

The TRA conducted an online survey of consumers and upstream and downstream businesses to help us understand the economic impacts of the tariffs paid on ironing boards from the People's Republic of China (PRC). The survey was open from 11 November 2024 to 12 December 2024.

The TRA received one consumer response for which only the first question was completed (Are you a business or a consumer?). No business responses were received. Therefore, no evidence has been received via the survey.
