TRANSITION REVIEW No. TD0057

Initiation of a Transition Review of Anti-Dumping Measures on Certain Aluminium Foil in Rolls originating in the People's Republic of China

Note to public file

Business and consumer survey

We are conducting an online survey to gather the perspectives of consumers, upstream businesses and downstream businesses on anti-dumping duties on aluminium foil in rolls from China.

The survey will be open from 15/08/2024 to 15/09/2024 and can be accessed [here](#).

The evidence submitted via the survey will only be used for the [Economic Interest Test](#) (EIT) and will not be used to assess dumping, injury or causation. The survey is anonymous for consumers and we will only publish a summary of responses. For businesses, we will not undertake a formal verification process of information gathered but, we may get in touch, if we need to clarify any information or publish any evidence provided.

This survey should not be completed by exporters, importers or UK producers. These parties should instead complete a questionnaire and upload to the [Trade Remedies Service](#). Questionnaires are more detailed and so will allow these parties to submit information relating to other parts of the investigation.

Our preliminary and final reports for this investigation will be published on our public file [TD0057](#).
