### **Countervailing duties on Biodiesel originating in Indonesia**

#### **Notice of Request for Information – description of goods**

The TRA invites Interested Parties to provide their comments on the potential inclusion of Sustainable Aviation Fuel (SAF) within the current description of the goods subject to review. This will allow the TRA to determine whether the goods description continues to be appropriate in our recommendations to the Secretary of State.

This request is in response to comments received in other cases concerning biodiesel. Interested Parties may wish to refer to the public file on [AD0058 \(anti-dumping investigation concerning biodiesel from the People's Republic of China\)](#) for further detail.

The description of the goods subject to review in this transition review is set out in the [Notice of Initiation \(NOI\)](#).

Interested parties are invited to provide their submissions and supporting evidence to the TRA using the Trade Remedies Service ([trade-remedies.service.gov.uk](https://trade-remedies.service.gov.uk)), by no later than **Friday 10 January 2025**.

Where supporting evidence includes information of a confidential nature, parties should ensure that they also provide a non-confidential version.
