

Anti-dumping case No. AD0075

Boom lifts originating in the People's Republic of China

Note to the public file – update to commodity codes

27 February 2026

On 19 December 2025, the Trade Remedies Authority (TRA) published a Notice of Initiation (NOI) to advise that we initiated an anti-dumping investigation into boom lifts imported into the United Kingdom from the People's Republic of China (PRC). The NOI identified the goods subject to investigation (the Goods Concerned) and listed several commodity codes which the TRA identified the goods concerned were subject to.

Following feedback from interested parties and contributors, the TRA has further identified the following two commodity codes as covering the Goods Concerned:

- 8427 1090 00
- 8427 2090 00

Therefore, the TRA is updating the NOI to include these additional commodity codes. The list of commodity codes which the Goods Concerned are subject to is as follows:

8427 1010 10	8427 1010 90	8427 1090 00	8427 2019 10
8427 2019 90	8427 2090 00	8427 9000 80	8428 1020 00
8428 1080 00	8428 9090 20	8428 9090 80	8431 2000 60
8431 3100 00	8431 3900 10	8431 3900 90	

It should also be noted that while these commodity codes were all valid in the Period of Investigation (POI), the following codes have only been in use since 13 November 2023, and therefore different commodity codes may be relevant for the injury period:

Trade Remedies
Authority

8427 1010 10	8427 1010 90	8427 2019 10	8427 2019 90
8428 9090 20	8428 9090 80	8431 2000 60	8431 3900 10
8431 3900 90			

Please note that at this stage **commodity codes are only provided for information**, and that references by the TRA to the 'Goods Concerned' in this investigation refer to the goods description listed in the NOI.
